Introduction

Native Range is proud to submit our proposal for the State of Nevada, 2016 Aerial Wildlife Capture and Transport Services Contract. Our company specializes in providing safe, reliable, quality aerial wildlife capture and transport services and is capable of performing all of the State's proposed capture projects.

At Native Range our priorities are crew and animal safety. We ensure this safety by having an experienced capture pilot and crew. We operate a helicopter that is maintained to the highest possible FAA standards. All of our equipment from our net guns to our fuelling system is of highest quality and strictly maintained. We always operate with air to ground communications. We operate with remote flight following and we ensure enough time is scheduled for each project to be safely and successfully completed.

If Native Range is awarded this RFP we will ***guarantee*** the State of Nevada has first choice of dates on our schedule so you can secure ***your*** preferred capture times. We will also provide you flexibility to easily change these dates to allow for more favorable capture times due to weather, snow conditions or any other reason!

B. ATTACHMENT A – CONFIDENTIALITY AND CERTIFICATION OF INDEMNIFICATION

Submitted proposals, which are marked "confidential" in their entirety, or those in which a significant portion of the submitted proposal is marked "confidential" **will not** be accepted by the State of Nevada. Pursuant to NRS 333.333, only specific parts of the proposal may be labeled a "trade secret" as defined in NRS 600A.030(5). All proposals are confidential until the contract is awarded; at which time, both successful and unsuccessful vendors' technical and cost proposals become public information.

The State will not be responsible for any information contained within the proposal. Should vendors not comply with the labeling and packing requirements, proposals will be released as submitted. In the event a governing board acts as the final authority, there may be public discussion regarding the submitted proposals that will be in an open meeting format, the proposals will remain confidential.

By signing below, I understand it is my responsibility as the vendor to act in protection of the labeled information and agree to defend and indemnify the State of Nevada for honoring such designation. I duly realize failure to so act will constitute a complete waiver and all submitted information will become public information; additionally, failure to label any information that is released by the State shall constitute a complete waiver of any and all claims for damages caused by the release of the information.

This proposal contains Confidential Information, Trade Secrets and/or Proprietary information as defined in ***Section 2 "ACRONYMS/DEFINITIONS."***
Please initial the appropriate response in the box below and provide the justification for confidential status.

C. ATTACHMENT C – VENDOR CERTIFICATIONS

Vendor agrees and will comply with the following:

(1) Any and all prices that may be charged under the terms of the contract do not and will not violate any existing federal, State or municipal laws or regulations concerning discrimination and/or price fixing. The vendor agrees to indemnify, exonerate and hold the State harmless from liability for any such violation now and throughout the term of the contract.

(2) All proposed capabilities can be demonstrated by the vendor.

(3) The price(s) and amount of this proposal have been arrived at independently and without consultation, communication, agreement or disclosure with or to any other contractor, vendor or potential vendor.

(4) All proposal terms, including prices, will remain in effect for a minimum of 180 days after the proposal due date. In the case of the awarded vendor, all proposal terms, including prices, will remain in effect throughout the contract negotiation process.

(5) No attempt has been made at any time to induce any firm or person to refrain from proposing or to submit a proposal higher than this proposal, or to submit any intentionally high or noncompetitive proposal. All proposals must be made in good faith and without collusion.

(6) All conditions and provisions of this RFP are deemed to be accepted by the vendor and incorporated by reference in the proposal, except such conditions and provisions that the vendor expressly excludes in the proposal. Any exclusion must be in writing and included in the proposal at the time of submission.

(7) Each vendor must disclose any existing or potential conflict of interest relative to the performance of the contractual services resulting from this RFP. Any such relationship that might be perceived or represented as a conflict should be disclosed. By submitting a proposal in response to this RFP, vendors affirm that they have not given, nor intend to give at any time hereafter, any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor, or service to a public servant or any employee or representative of same, in connection with this procurement. Any attempt to intentionally or unintentionally conceal or obfuscate a conflict of interest will automatically result in the disqualification of a vendor's proposal. An award will not be made where a conflict of interest exists. The State will determine whether a conflict of interest exists and whether it may reflect negatively on the State's selection of a vendor. The State reserves the right to disqualify any vendor on the grounds of actual or apparent conflict of interest.

(8) All employees assigned to the project are authorized to work in this country.

(9) The company has a written equal opportunity policy that does not discriminate in employment practices with regard to race, color, national origin, physical condition, creed, religion, age, sex, marital status, sexual orientation, developmental disability or handicap.

(10) The company has a written policy regarding compliance for maintaining a drug-free workplace.

(11) Vendor understands and acknowledges that the representations within their proposal are material and important, and will be relied on by the State in evaluation of the proposal. Any vendor misrepresentations shall be treated as fraudulent concealment from the State of the true facts relating to the proposal.

(12) Vendor must certify that any and all subcontractors comply with Sections 7, 8, 9, and 10, above.

(13) The proposal must be signed by the individual(s) legally authorized to bind the vendor per NRS 333.337.

D. ATTACHMENT I – CERTIFICATION REGARDING LOBBYING

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federally appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure of Lobbying Activities," in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all sub awards at all tiers (including subcontracts, sub grants, and contracts under grants, loans, and cooperative agreements) and that all sub recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

Section VI – (9.2.2.6)

SCOPE OF WORK

The Department of Wildlife is soliciting proposals from qualified vendors to perform aerial wildlife capture and transport services. The following will be the various types of capture events and processes the contractor will be asked to perform:

Helicopter netgun capture and helicopter transporting of animals back to a basecamp for processing by NDOW staff and volunteers;

Helicopter netgun capture and process animals at or near the capture site with no involvement from NDOW other than radio contact;

Helicopter netgun capture and process animals at or near the capture site involving ferrying NDOW and/or other project collaborators (i.e., University researchers or adjacent state wildlife agency biologists) to or near the capture site to assist with data collection and processing once animals are captured;

Helicopter netgun capture of pronghorn antelope in sagebrush or low shrubs with snow cover and coordinating closely with NDOW staff and volunteer field ground crews that will assist to blindfold, hobble and transport animals in pickup trucks back to a basecamp; and

Aerially herd pronghorn antelope into a corral-type trap.

It is estimated during the first year (October 2016 – February 2017) of the contract that NDOW will have the following capture needs:

50 bighorn sheep for transplant;
175 bighorn sheep to sample, mark, and release;
50 elk to sample, mark, and release;
50 mule deer to sample, mark, and release;
20 pronghorn to sample, mark, and release; and
50 pronghorn for transplant.

Native Range is capable of performing all of the above-described wildlife captures.

REQUIREMENTS

Contractor must comply with all Federal Aviation Administration regulations.

Native Range will comply with all FAA regulations.

Contractor must possess and submit with their proposal, proof of valid insurance.

Insurance certificate attached, Section IV, F, page 12.

Contractor will provide the following:

A helicopter(s);

Fuel truck;

Fuel;

Personnel;

Equipment (netgun, nets, animal restraints/animal bags, blindfold, hobbles, etc.); and

Equipment maintenance to perform helicopter netgun capturing of wildlife.

Native Range will provide all of the above equipment.

The contractor selected must have the ability to furnish a helicopter that is suitable, properly equipped, and that can effectively perform animal captures and transports throughout the varied terrain and elevations (up to 12,000 feet) that exists in the State of Nevada.

Native Range owns 2 Robinson R44II helicopters and has the ability to lease higher-powered aircraft if necessary (as determined by the pilot).

Personnel involved directly in netgunning and animal handling must have prior experience in helicopter netgun captures.

All of our net gunners are experienced.

Pilots must have a minimum of 1,000 documented hours of netgun capture experience. The level of experience must be submitted with the proposal within the pilots' résumés or letters of recommendation.

Both pilots Mark and David have over 1,000 hours of net gun experience.

Netgunners and animal handlers must have previous experience in animal handling.

All of our net gunners are experienced.

Contractors shall not subcontract these services without prior written approval of NDOW.

No sub-contracting will be done without prior approval.

When scheduled 30 or more days in advance, the contractor shall:

Notify NDOW of prior commitments, which could conflict with the trapping operations.

Adhere to the schedule, unless both parties concur with the alteration, with the understanding that unapproved delays may result in the contractor being charged by NDOW for liquidated damages (i.e.; per diem, mileage, man-hours, etc.) at State of Nevada rates. Excused delays could include non-scheduled repairs or weather related causes.

Native Range will always try our upmost to still to keep to all capture schedules and will keep communications lines open if for any reason (such as weather or mechanical) the schedule needs to be adjusted.

Section IX – (9.2.2.9)
Other Informational Material

Aircraft

For the majority of capture operations we use a Robinson R44II helicpoter. This aircraft is perfectly suited for wildlife capture with it's excellent maneuverability, visibility for the pilot and proven reliability and safety. For high altitude capture operations (above 12,000 ft) we are able to lease a larger aircraft if required.

Our helicopter is specially equipped for animal capture with appropriate seatbelts and harnesses for gunners, reinforced plexi-glass to prevent accidental damage from net gun equipment, extra storage compartments for capture gear, 'gunners box' that provides suitable storage of ammunition and net gun accessories, a cargo hook to allow for slinging of animals in transport bags, heavy duty foot pegs and entry/exit handles to provide gunners with a safer entry/exit from helicopter and custom mounts for telemetry receivers.

Our helicopter also has the appropriate transceivers for communicating with other aircraft, ground personnel and Department of Wildlife vehicles & dispatch. We use a Gamin 296 or equivalent to assist in providing the project manager with waypoints of each capture location as well as to assist with navigation within the project areas and determining project area boundaries.

Our helicopters are fully equipped with the necessary communication systems to perform radio telemetry and our pilot is highly proficient with the use of the radio tracking system. We also have an automated flight following system available upon request for local and remote flight following.

Equipment

FUEL TRUCK

Our fuel truck meets the Department of Transportation requirements for transporting hazardous materials. It is 4WD to ensure that off road and remote fuelling is possible. The truck driver is also the helicopter's ground contact and flight-following person (this is additional to our flight following GPS system). The truck driver is also responsible for duties on the ground such as untangling nets, refueling and base camp safety. This person often serves as the liaison between the pilot and base camp personnel.

CAPTURE EQUIPMENT

We have enough net gun and darting capture equipment to fully support our capture crew for any type of capture operation. We carry the following equipment:

- Net guns

- Canisters (of varying size for different sized nets)
- Nets (of varying size for different species for all areas)
- Animal transport bags (of varying size for different species)
- Long sling lines
- Short sling lines (strops)
- Hobbles/Leather leg straps
- Blindfolds (facemasks)
- Ammunition (different sized charges for different sized nets)
- Biological sampling/testing supplies (syringes, needles, blood tubes, thermometers, latex gloves, data cards, tape measures & rubbing alcohol)
- Full set of capture equipment for CWD or disease areas (nets, hobbles, blindfolds.....)
- Collar cutters
- Collar re-sizing equipment
- Nut drivers of varying size for fastening collars
- Dart guns
- Darting accessories (darts, blank charges etc)

Our helicopter is equipped with one hand-held net gun, a minimum of 6 quick-change canisters with nets, appropriate ammunition and a spare net gun (in case of malfunction). The helicopter is also carries multiple hobbles (leather leg straps) and blindfolds for restraining the animals. Two hobbles are used on each animal. We carry animal transport bags and suitable long lines and short lines for transporting the animals beneath the helicopter back to the processing area.

When approved by the State we carry a pistol for animal euthanasia when necessary. All equipment used during the capture of animals in a known CWD or disease area is sanitized before re-use in a non-disease area or thrown out.

WHY SHOULD YOU CHOOSE NATIVE RANGE?

1) We will *guarantee* the State of Nevada has first choice of dates on our schedule to secure your preferred capture times.

- *Animals are captured at optimal time in season (considering pregnancy gestation, snow cover, temperatures)*
- *Better project data*

2) We guarantee that Mark Shelton or David Rivers will be the pilot for all captures.

- *Pilots are very familiar with working in Nevada (Familiar with locations/animals/people)*
- *Both pilots have perfect safety record*
- *Low animal injury/mortality rates*
- *Both pilots are very experienced with wildlife capture*
- *Back up pilot if one pilot is sick or injured*
- *Honest and trustworthy*

3) Our helicopter ferry time will be charged from no further distance than Elko, NV.

- *Lower ferry costs than some other contractors*

4) We are not as tightly scheduled as some other contractors and therefore we can provide greater flexibility to accommodate changes in capture dates.

- *Capture animals with optimal snow conditions*
- *Wait for more favorable weather*
- *Allow extra time for each project*

5) Native Range has a proven track record with Nevada having provided the State with aerial capture and transport services for the past 4 years.

- *Safe, honest, reliable*
- *All projects completed safety and efficiently*
- *Adhered to contract and pricing*
