Vendor Phone #:	***907-457-1941***
Proposal Opening Date:	August 23, 2016
Proposal Opening Time:	11:00 AM PT

RFP 3272
Vendor: Quicksilver Air Inc
Part II Cost Proposal

Quicksilver Air Inc. *proposes to offer two types of helicopters for NDOW's capture projects; a 500D and an R44II with separate cost proposals. We can send both on a project requested to be done or send one as appropriate.*

The R44II is not suitable for all captures; we have found its safe altitude limitation is 7,500 ft density altitude loaded max 2300lbs.These limitations are also as stated in the factory performance charts. We are familiar with NDOW's capture locations and, for example, if deer are in their normal winter range the R44II would be a suitable aircraft to use It would also be suitable for most of the sheep work and the antelope capture The 500D is of course capable of doing all of the capture work with full crew.

The following prices are based on using a Robinson R44II helicopter (captures up to 7,500-8,000 ft)

☐ Bighorn Sheep $425/animal

☐ Elk $550/animal

☐ Mule deer $360/animal (for deer on normal winter range; otherwise would have to use a 500D) Price drops to $350/animal if > 100 deer are captured

☐ Pronghorn (with field crew assistance as per item 4) $180/animal

☐ Pronghorn (standard capture) $275/animal

☐ Helicopter ferry $650/hour (includes ferry from base and additional flights to new capture locations)

☐ Herding/Trapping/Transport/Slinging (pilot only) $1,000/hour

☐ Herding/Trapping/Transport/Slinging (full crew) $1,200/hour

☐ Transport of animals >5 miles 10% surcharge

☐ Minimum hourly charge for captures (low animal density areas capture rate less than 3 animals per hour) $1,200/hour

☐ Set-up fee for fuel truck & crew (each 'trip/visit' to Nevada) $2,000/visit

☐ Daily crew travel expenses (per diem) $300/day

The following prices are based on using a MD500D helicopter (captures over 8,000 ft)

☐ Bighorn Sheep $540/animal

☐ Elk $750/animal

☐ Mule deer $475/animal

☐ Pronghorn (with NDOW field crew assistance) $225/animal

☐ Pronghorn (standard capture) $350/animal

☐ Helicopter ferry $900/hour (includes ferry from base, additional flights to new capture locations

☐ Aerial Herding/Trapping/Transport/Slinging (pilot only) $1,300/hour

☐ Herding/Trapping/Transport/Slinging (full crew) $1,600/hour

☐ Transport of animals >5 miles 10% surcharge

☐ Minimum hourly charge for captures (low animal density areas capture rate less than 3 animals per flight hour) $1,600/hour

☐ Set-up fee for fuel truck & crew (each 'trip/visit' to Nevada) $2,000/visit

☐ Daily crew travel expenses (per diem) $300/day

ATTACHMENT H – COST PROPOSAL CERTIFICATION OF COMPLIANCE WITH TERMS AND CONDITIONS OF RFP

I have read, understand and agree to comply with ***all*** the terms and conditions specified in this Request for Proposal.

YES x I agree to comply with the terms and conditions specified in this RFP.

NO _____ I do not agree to comply with the terms and conditions specified in this RFP.

If the exception and/or assumption require a change in the terms in any section of the RFP, the contract, or any incorporated documents, vendors ***must*** provide the specific language that is being proposed in the tables below. If vendors do not specify in detail any exceptions and/or assumptions at time of proposal submission, the State will not consider any additional exceptions and/or assumptions during negotiations.

Note: Only cost exceptions and/or assumptions should be identified on this attachment. Do not restate the technical exceptions and/or assumptions on this attachment.
