31. Is the pricing for bulk containers- lab packs are mentioned in the scope of work but not listed on the price sheet. Those prices are typically different from bulk container pricing- should we add line items for these?

Include a separate line item if available. Lab packing of items will be a limited item as most items disposed of by the guard can be profiled and packaged accordingly.

ALL ELSE REMAINS THE SAME FOR RFP 3498.

You may reapply 120 days prior to your expiration date by logging in to your VIP profile.

While CVE has confirmed that H2O Environmental Inc. is presently, as of the issuance of this notice, in compliance with the regulation, H2O Environmental Inc. must inform CVE of any changes or other circumstances that would adversely affect its eligibility. Eligibility changes not reported to CVE within 60 days could result in a referral to the Office of Inspector General (OIG), a referral to the Debarment and Suspension Committee, and the initiation of cancellation proceedings—all of which could result in H2O Environmental Inc. being removed from the VIP Verification Program.

Please be advised all verified businesses may be required to participate in one or more post-verification audits at CVE's discretion. Additionally, this letter and other information pertaining to H2O Environmental Inc.'s verification application may be subject to Freedom of Information Act (FOIA) requests. However, FOIA disclosures include exceptions regarding the personal privacy of individuals, and VA policy similarly provides limitations on the release of individual records.

If H2O Environmental Inc. receives a negative size determination from the U.S. Small Business Administration (SBA), CVE must act in accordance with 38 CFR § 74.2(e). Also, note, if at any time H2O Environmental Inc. discovers that it fails to meet the size standards for any NAICS Code(s) listed on its VIP profile, CVE requires such NAICS Code(s) be removed within five (5) business days. If these NAICS Code(s) are not removed within the allotted five (5) business days, CVE may request the SBA conduct a formal size determination. In addition, CVE may initiate a referral to OIG, a referral to the Debarment and Suspension Committee and pursue cancellation proceedings. All of the aforementioned referrals and procedures could result in H2O Environmental Inc. being removed from the VIP Verification Program.
