**A Request for Proposal process is different from an Invitation to Bid. The State expects vendors to propose creative, competitive solutions to the agency's stated problem or need, as specified below. Vendors exceptions and/or assumptions should be clearly stated in Attachment B1 (Technical Proposal Certification of Compliance with Terms and Conditions of RFP) and Attachment B2 (Cost Proposal Certification of Compliance with Terms and Conditions of RFP) and will be considered during the evaluation process; however, vendors must be specific. Nonspecific exceptions or assumptions may not be considered. The State reserves the right to limit the Scope of Work prior to award, if deemed in the best interest of the State per NRS §333.350(1).**

**Prospective vendors are advised to review Nevada's ethical standards requirements, including but not limited to, NRS 281A and the Governor's Proclamation, which can be found on the Purchasing Division's website (<http://purchasing.state.nv.us>).**

## **1. OVERVIEW OF PROJECT**

The State of Nevada, Purchasing Division, on behalf of the Western States Contracting Alliance (WSCA) and other authorized users, is requesting proposals from responsible vendors to supply wireless communication services, accessories and equipment. Services/equipment may include, but are not necessarily limited to the following bands:

- Wireless Voice Service
- Wireless Broadband Service
- Accessories/Equipment/Devices

WSCA members and other entities utilizing the current wireless contract spend well in excess of \$2 billion per year on wireless services and equipment. This represents participation of 50 states and their authorized local entities. Please see Attachment J of this RFP to view the list of currently participating states. The purpose of this Request for Proposal (RFP) is to establish contracts on a competitive basis with qualified vendors to directly supply wireless communication services including, but not limited to: the wireless transmission of voice, data and/or video content; optional messaging, two-way radio, wireless internet access or other related communications; and/or wireless data transmission services. Wireless communication equipment, accessories, and devices are included, as well as the related maintenance and support services.

Each area of service will be evaluated separately by the Sourcing Team which is made up of representatives from several participating states. The sourcing team members will score each section independently of the others, and will make awards as in the best interest of the participating WSCA/NASPO states. This contract may be awarded to multiple vendors, as in the best interest of the State of Nevada and the participating WSCA/NASPO states. Vendors may respond to any or all listed services.

### **1.1 GOALS AND OBJECTIVES**

A key objective of this procurement is to obtain greater volume price discounts (reduce member spend) by combining the volume of purchases from governmental entities within multiple states with administrative savings that will result from the maintenance of a single, comprehensive contract for each selected vendor. It is the expectation of the WSCA directors that the pricing discounts provided under this procurement would be greater than the pricing discounts that any one entity would be able to achieve as a standalone entity. Vendors should prepare their response

in such a manner as to be competitive in a procurement of this nature. While the State reserves the right to request a BAFO; there is no guarantee a BAFO will be requested in any or all of the services/equipment bands.

The WSCA directors, or their designee, may authorize education, state and local governmental entities throughout the nation use of the contracts subject to approval of the local state purchasing director and local statutory provisions.

The contract term will be for a four (4) year period beginning November 1, 2012 through October 31, 2015, with the option to extend for an additional two (2) years beyond the initial contract term at the discretion of the lead State or as determined in the best interest of the lead State and WSCA, subject to mutual written acceptance. It is anticipated that this procurement will result in multiple awards.

- 3.1.3 Provide secure online access for each participating entity representative to manage accounts and order services/accessories/equipment. 3.2.1 Meet with lead States' Purchasing Department representative on a semi-annual basis

(once every six months) to evaluate and review:

- Pricing/rates relative to prevailing full market pricing/promotions/solicitations;
- Actual billed charges relative to prevailing available full market pricing;
- Adjustments to maintain the original discount offered to the then prevailing available full market pricing; and
- Any other significant issue (service, billing or otherwise) that may need to be addressed.

3.2.2 Complete the evaluation and review within twenty (20) business days. All changes/reductions to current agreement pricing shall be formalized by an Agreement Amendment to existing agreement. Agreement shall be retroactive to the date of the review.

3.2.3 The Contractor(s) shall report contract utilization and pay an administrative fee of 1/10<sup>th</sup> of 1% (one-tenth of one percent) of the total wireless spend to WSCA, paid quarterly. The WSCA directors approved the level of the administration fee, and the fee is not negotiable. The administrative fee is to be paid quarterly within 60 days of the end of the quarter (See Attachment G for Reporting Schedule). In addition to the WSCA administrative fee, some WSCA and non-WSCA states may require that a fee be paid directly to the state on purchases made by procuring entities within that state. For all such requests, the fee level, payment method and schedule for such reports and payments shall be incorporated in a Participating Addendum that is made a part of the contracts. The Contractor(s) may adjust SES pricing accordingly for purchases made by procuring agencies within the jurisdiction of the state. Any such price adjustment shall not exceed the dollar value of the additional fee. All such agreements shall have no affect whatsoever on the WSCA fee or on the prices paid by the procuring agencies outside the jurisdiction of the state requesting the additional fee.

3.2.4 Administration fee checks will be made payable to WSCA, 3643 Solutions Center, Chicago, IL 60677-3006, and sent in accordance with quarterly reports, Attachment G. Contractor(s) will provide a report indicating the amounts rebated to each using entity.

addendum has no liability whatsoever concerning the equipment or for payment of services. All such employees must be validated in order to participate in the employee program, and that employees not so validated will not receive discounted wireless services and equipment, broadband services and equipment, or accessories under this agreement.

Each IL participating in the employee program must (a) enter into, and be individually responsible for complying with a selected service agreement including, without limitation, the corresponding obligations to comply with all of the terms and conditions of the chosen plan, and to pay all charges incurred under the service agreement; and (b) must follow the activation, validation, migration, upgrade and related policies, procedures and processes established by Contractor from time to time. Any wireless spend resulting from employee's purchasing under the employee program of this contract will be subject to reporting requirements and to the required WSCA administrative fee of one tenth (1/10) of one percent, and report these sales as outlined in this RFP.

## **9. PROPOSAL RESPONSE SUBMISSION REQUIREMENTS, FORMAT AND CONTENT**

### **9.1 GENERAL SUBMISSION REQUIREMENTS**

Vendors' proposals must be packaged and submitted in counterparts; therefore, vendors must pay close attention to the submission requirements. Proposals will have a technical response, which may be composed of two (2) parts in the event a vendor determines that a portion of their technical response qualifies as "confidential" as defined within *Section 2, Acronyms/Definitions*.

If complete responses cannot be provided without referencing confidential information, such confidential information must be provided in accordance with *Section 9.3, Part I B – Confidential Technical and Section 9.5, Part III – Confidential Financial*. Specific references made to the tab, page, section and/or paragraph where the confidential information can be located must be identified on *Attachment A, Confidentiality of Proposals and Certification of Indemnification*.

The remaining sections are Cost Proposal and Confidential Financial. Vendors may submit their proposal broken out into the three (3) sections as required, or four (4) sections if confidential technical information is included, in a single box or package for shipping purposes.

The required CDs must contain a file that is an *exact* duplicate of the technical and cost proposals; the electronic files must follow the format and content section for the technical response and cost proposal. Detailed instructions on proposal submission and packaging follows and vendors must submit their proposals as identified in the following sections. Proposals and CDs that do not comply with the following requirements may be deemed non-responsive and rejected at the State's discretion.

9.1.1 All information is to be completed as requested.

9.1.2 Each section within the technical proposal and cost proposal must be separated by clearly marked tabs with the appropriate section number and title as specified in the following sections.

9.1.3 Although it is a public opening, only the names of the vendors submitting proposals will be announced NRS §333.335(6). Technical and cost details about proposals submitted will not be disclosed. Assistance for handicapped, blind or hearing-impaired persons who wish to attend the RFP opening is available. If special arrangements are necessary, please notify the Purchasing Division designee as soon as possible and at least two (2) days in advance of the opening.

- 9.1.4 If discrepancies are found between two (2) or more copies of the proposal, the master copy will provide the basis for resolving such discrepancies. If one (1) copy of the proposal is not clearly marked "MASTER," the State may reject the proposal. However, the State may at its sole option, select one (1) copy to be used as the master.
- 9.1.5 For ease of evaluation, the proposal should be presented in a format that corresponds to and references sections outlined within this RFP and must be presented in the same order. Written responses must be placed immediately following the applicable RFP questions, statement and/or section and must be presented in a style/format that is easily distinguishable from RFP language. Exceptions/assumptions to this will be considered during the evaluation process.
- 9.1.6 Proposals are to be prepared in such a way as to provide a straightforward, concise delineation of capabilities to satisfy the requirements of this RFP. Expensive bindings, colored displays, promotional materials, etc., are not necessary or desired. Emphasis should be concentrated on conformance to the RFP instructions, responsiveness to the RFP requirements, and on completeness and clarity of content.

Unnecessarily elaborate responses beyond what is sufficient to present a complete and effective response to this RFP are not desired and may be construed as an indication of the proposer's lack of environmental and cost consciousness. Unless specifically requested in this RFP, elaborate artwork, corporate brochures, lengthy narratives, expensive paper, specialized binding, and other extraneous presentation materials are neither necessary nor desired.

The State of Nevada, in its continuing efforts to reduce solid waste and to further recycling efforts requests that proposals, to the extent possible and practical:

- 9.1.6.1 Be submitted on recycled paper;
  - 9.1.6.2 Not include pages of unnecessary advertising;
  - 9.1.6.3 Be printed on both sides of each sheet of paper; and
  - 9.1.6.4 Be contained in re-usable binders rather than with spiral or glued bindings.
- 9.1.7 For purposes of address questions concerning this RFP, the sole contact will be the Purchasing Division as specified on Page 1 of this RFP. Upon issuance of this RFP, other employees and representatives of the agencies identified in the RFP will not answer questions or otherwise discuss the contents of this RFP with any prospective vendors or their representatives. Failure to observe this restriction may result in disqualification of any subsequent proposal NAC §333.155(3). This restriction does not preclude discussions between affected parties for the purpose of conducting business unrelated to this procurement.
- 9.1.8 Any vendor who believes proposal requirements or specifications are unnecessarily restrictive or limit competition may submit a request for administrative review, in writing, to the Purchasing Division. To be considered, a request for review must be received no later than the deadline for submission of questions.

The Purchasing Division shall promptly respond in writing to each written review request, and where appropriate, issue all revisions, substitutions or clarifications through a written amendment to the RFP.

Administrative review of technical or contractual requirements shall include the reason for the request, supported by factual information, and any proposed changes to the requirements.

Note: Financial stability will be scored on a pass/fail basis

- Presentations – Following the evaluation and scoring process specified above, the State may require vendors to make a presentation of their proposal to the evaluation

committee or other State staff, as applicable. The State, at its option, may limit participation in vendor presentations based on scoring. NOTE: The State reserves the right to forego vendor presentations and select vendor(s) based on the written proposal.

**Proposals shall be kept confidential until a contract is awarded.**

- 10.2 The evaluation committee may also contact the references provided in response to the Section identified as Company Background and References; contact any vendor to clarify any response; contact any current users of a vendor's services; solicit information from any available source concerning any aspect of a proposal; and seek and review any other information deemed pertinent to the evaluation process. The evaluation committee shall not be obligated to accept the lowest priced proposal, but shall make an award in the best interests of the State of Nevada NRS § 333.335(5).
- 10.3 Each vendor must include in its proposal a complete disclosure of any alleged significant prior or ongoing contract failures, contract breaches, any civil or criminal litigation or investigations pending which involves the vendor or in which the vendor has been judged guilty or liable. Failure to comply with the terms of this provision may disqualify any proposal. The State reserves the right to reject any proposal based upon the vendor's prior history with the State or with any other party, which documents, without limitation, unsatisfactory performance, adversarial or contentious demeanor, significant failure(s) to meet contract milestones or other contractual failures. See generally, NRS §333.335.
- 10.4 Clarification discussions may, at the state's sole option, be conducted with vendors who submit proposals determined to be acceptable and competitive NAC §333.165. Vendors shall be accorded fair and equal treatment with respect to any opportunity for discussion and/or written revisions of proposals. Such revisions may be permitted after submissions and prior to award for the purpose of obtaining best and final offers. In conducting discussions, there shall be no disclosure of any information derived from proposals submitted by competing vendors.
- 10.5 A Notification of Intent to Award shall be issued in accordance with NAC §333.170. Any award is contingent upon the successful negotiation of final contract terms and upon approval of the Board of Examiners, when required. Negotiations shall be confidential and not subject to disclosure to competing vendors unless and until an agreement is reached. If contract negotiations cannot be concluded successfully, the State upon written notice to all vendors may negotiate a contract with the next highest scoring vendor or withdraw the RFP.
- 10.6 Any contract resulting from this RFP shall not be effective unless and until approved by the Nevada State Board of Examiners (refer to NRS §333.700).

## **11. TERMS AND CONDITIONS**

### **11.1 PROCUREMENT AND PROPOSAL TERMS AND CONDITIONS**

The information in this section does not need to be returned with the vendor's proposal response. However, if vendors have any exceptions and/or assumptions to any of the terms and conditions in this section, they **MUST** identify in detail their exceptions and/or assumptions on ***Attachment B1, Technical Proposal Certification of Compliance***. In order for any exceptions and/or assumptions to be considered they **MUST** be documented

in Attachment B1. The State will not accept additional exceptions and/or assumptions if submitted after the proposal submission deadline.

- 11.1.1 This procurement is being conducted in accordance with NRS Chapter 333 and NAC Chapter 333.
- 11.1.2 The State reserves the right to alter, amend, or modify any provisions of this RFP, or to withdraw this RFP, at any time prior to the award of a contract pursuant hereto, if it is in the best interest of the State to do so.
- 11.1.3 The State reserves the right to waive informalities and minor irregularities in proposals received.
- 11.1.4 For ease of responding to the RFP, vendors are encouraged to download the RFP from the Purchasing Division's website at <http://purchasing.state.nv.us>.
- 11.1.5 The failure to separately package and clearly mark **Part I B and Part III** – which contains confidential information, trade secrets and/or proprietary information, shall constitute a complete waiver of any and all claims for damages caused by release of the information by the State.
- 11.1.6 Proposals must include any and all proposed terms and conditions, including, without limitation, written warranties, maintenance/service agreements, license agreements and lease purchase agreements. The omission of these documents renders a proposal non-responsive.
- 11.1.7 The State reserves the right to reject any or all proposals received prior to contract award (NRS §333.350).
- 11.1.8 The State shall not be obligated to accept the lowest priced proposal, but will make an award in the best interests of the State of Nevada after all factors have been evaluated (NRS §333.335).
- 11.1.9 Any irregularities or lack of clarity in the RFP should be brought to the Purchasing Division designee's attention as soon as possible so that corrective addenda may be furnished to prospective vendors.
- 11.1.10 Descriptions on how any and all services and/or equipment will be used to meet the requirements of this RFP shall be given, in detail, along with any additional informational documents that are appropriately marked.
- 11.1.11 Alterations, modifications, or variations to a proposal may not be considered unless authorized by the RFP or by addendum or amendment.
- 11.1.12 Proposals which appear unrealistic in the terms of technical commitments, lack of technical competence, or are indicative of failure to comprehend the complexity and risk of this contract, may be rejected.

- 11.1.13 Proposals from employees of the State of Nevada will be considered if they do not conflict with the State Administrative Manual, NRS Chapter 281 and NRS Chapter 284.
- 11.1.14 Proposals may be withdrawn by written or facsimile notice received prior to the proposal opening time. Withdrawals received after the proposal opening time will not be considered except as authorized by NRS §333.350(2).
- 11.1.15 Prices offered by vendors in their proposals are an irrevocable offer for the term of the contract and any contract extensions. The awarded vendor agrees to provide the purchased services at the costs, rates and fees as set forth in their proposal in response to this RFP. No other costs, rates or fees shall be payable to the awarded vendor for implementation of their proposal.
- 11.1.16 The State is not liable for any costs incurred by vendors prior to entering into a formal contract. Costs of developing the proposal or any other such expenses incurred by the vendor in responding to the RFP, are entirely the responsibility of the vendor, and shall not be reimbursed in any manner by the State.
- 11.1.17 Proposals submitted per proposal submission requirements become the property of the State, selection or rejection does not affect this right; proposals will be returned only at the State's option and at the vendor's request and expense. The masters of the technical proposal, confidential technical proposal, cost proposal and confidential financial information of each response shall be retained for official files.
- 11.1.18 The Nevada Attorney General will not render any type of legal opinion regarding this transaction.
- 11.1.19 Any unsuccessful vendor may file an appeal in strict compliance with NRS §333.370 and Chapter 333 of the Nevada Administrative Code.

## 11.2 CONTRACT TERMS AND CONDITIONS

The information in this section does not need to be returned with the vendor's proposal response. However, if vendors have any exceptions and/or assumptions to any of the terms and conditions in this section, they **MUST** identify in detail their exceptions and/or assumptions on ***Attachment B1, Technical Proposal Certification of Compliance***. In order for any exceptions and/or assumptions to be considered they **MUST** be documented in Attachment B1. The State will not accept additional exceptions and/or assumptions if submitted after the proposal submission deadline.

- 11.2.1 Performance of vendors will be rated semi-annually following contract award and then annually for the term of the contract by the using State agency in six categories: customer service; timeliness; quality; technology; flexibility; and pricing. Vendors will be notified in writing of their rating.
- 11.2.2 The awarded vendor will be the sole point of contract responsibility. The State will look solely to the awarded vendor for the performance of all

contractual obligations which may result from an award based on this RFP, and the awarded vendor shall not be relieved for the non-performance of any or all subcontractors.

- 11.2.3 The awarded vendor must maintain, for the duration of its contract, insurance coverages as set forth in the Insurance Schedule of the contract form appended to this RFP. Work on the contract shall not begin until after the awarded vendor has submitted acceptable evidence of the required insurance coverages. Failure to maintain any required insurance coverage or acceptable alternative method of insurance will be deemed a breach of contract.
- 11.2.4 Notwithstanding any other requirement of this section, the State reserves the right to consider reasonable alternative methods of insuring the contract in lieu of the insurance policies required by the attached Insurance Schedule. It will be the awarded vendor's responsibility to recommend to the State alternative methods of insuring the contract. Any alternatives proposed by a vendor should be accompanied by a detailed explanation regarding the vendor's inability to obtain insurance coverage as described within this RFP. The State shall be the sole and final judge as to the adequacy of any substitute form of insurance coverage.
- 11.2.5 The State will not be liable for Federal, State, or Local excise taxes per NRS §372.325.
- 11.2.6 Attachment B1 and Attachment B2 of this RFP shall constitute an agreement to all terms and conditions specified in the RFP, except such terms and conditions that the vendor expressly excludes. Exceptions and assumptions will be taken into consideration as part of the evaluation process; however, vendors must be specific. Nonspecific exceptions or assumptions may not be considered.
- 11.2.7 The State reserves the right to negotiate final contract terms with any vendor selected NAC §333.170. The contract between the parties will consist of the RFP together with any modifications thereto, and the awarded vendor's proposal, together with any modifications and clarifications thereto that are submitted at the request of the State during the evaluation and negotiation process. In the event of any conflict or contradiction between or among these documents, the documents shall control in the following order of precedence: the final executed contract, any modifications and clarifications to the awarded vendor's proposal, the RFP, and the awarded vendor's proposal. Specific exceptions to this general rule may be noted in the final executed contract.
- 11.2.8 Local governments (as defined in NRS §332.015), are intended third party beneficiaries of any contract resulting from this RFP and any local government may join or use any contract resulting from this RFP subject to all terms and conditions thereof pursuant to NRS §332.195. The State is not liable for the obligations of any local government which joins or uses any contract resulting from this RFP.

11.2.9 Any person who requests or who requests or receives a Federal contract, grant, loan or cooperative agreement shall file with the using agency a certification that the person making the declaration has not made, and will not make, any payment prohibited by subsection (a) of 31 U.S.C. §1352.

11.2.10 Pursuant to NRS §613 in connection with the performance of work under this contract, the contractor agrees not to discriminate against any employee or applicant for employment because of race, creed, color, national origin, sex, sexual orientation or age, including, without limitation, with regard to employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including, without limitation apprenticeship.

The contractor further agrees to insert this provision in all subcontracts, hereunder, except subcontracts for standard commercial supplies or raw materials.

### **11.3 PROJECT TERMS AND CONDITIONS**

The information in this section does not need to be returned with the vendor's proposal response. However, if vendors have any exceptions and/or assumptions to any of the terms and conditions in this section, they **MUST** identify in detail their exceptions and/or assumptions on *Attachment B1, Technical Proposal Certification of Compliance*. In order for any exceptions and/or assumptions to be considered they **MUST** be documented in Attachment B1. The State will not accept additional exceptions and/or assumptions if submitted after the proposal submission deadline.

#### **11.3.1 Award of Related Contracts**

11.3.1.1 The State may undertake or award supplemental contracts for work related to this project or any portion thereof. The contractor shall be bound to cooperate fully with such other contractors and the State in all cases.

11.3.1.2 All subcontractors shall be required to abide by this provision as a condition of the contract between the subcontractor and the prime contractor.

#### **11.3.2 Products and/or Alternatives**

11.3.2.1 The vendor shall not propose an alternative that would require the State to acquire hardware or software or change processes in order to function properly on the vendor's system unless vendor included a clear description of such proposed alternatives and clearly mark any descriptive material to show the proposed alternative.

11.3.2.2 An acceptable alternative is one the State considers satisfactory in meeting the requirements of this RFP.

11.3.2.3 The State, at its sole discretion, will determine if the proposed alternative meets the intent of the original RFP requirement.

11.3.3 State Owned Property

The awarded vendor shall be responsible for the proper custody and care of any State owned property furnished by the State for use in connection with the performance of the contract and will reimburse the State for any loss or damage.

11.3.4 Inspection/Acceptance of Work

11.3.4.1 It is expressly understood and agreed all work done by the contractor shall be subject to inspection and acceptance by the State.

11.3.4.2 Any progress inspections and approval by the State of any item of work shall not forfeit the right of the State to require the correction of any faulty workmanship or material at any time during the course of the work and warranty period thereafter, although previously approved by oversight.

11.3.4.3 Nothing contained herein shall relieve the contractor of the responsibility for proper installation and maintenance of the work, materials and equipment required under the terms of the contract until all work has been completed and accepted by the State.

11.3.5 Completion of Work

Prior to completion of all work, the contractor shall remove from the premises all equipment and materials belonging to the contractor. Upon completion of the work, the contractor shall leave the site in a clean and neat condition satisfactory to the State.

11.3.6 Right to Publish

No announcement concerning the award of a contract as a result of this RFP can be made without prior written approval of the State.

- (1) Any and all prices that may be charged under the terms of the contract do not and will not violate any existing federal, State or municipal laws or regulations concerning discrimination and/or price fixing. The vendor agrees to indemnify, exonerate and hold the State harmless from liability for any such violation now and throughout the term of the contract.
- (2) All proposed capabilities can be demonstrated by the vendor.
- (3) The price(s) and amount of this proposal have been arrived at independently and without consultation, communication, agreement or disclosure with or to any other contractor, vendor or potential vendor.

Any attempt to intentionally or unintentionally conceal or obfuscate a conflict of interest will automatically result in the disqualification of a vendor's proposal. An award will not be made where a conflict of interest exists. The State will determine whether a conflict of interest exists and whether it may reflect negatively on the State's selection of a vendor. The State reserves the right to disqualify any vendor on the grounds of actual or apparent conflict of interest.

#### QUESTIONS AND ANSWERS:

1. What type of devices will the Wireless services be supporting? Smart Phones, Satellite systems etc.

*Wireless devices such as cell phones, notebooks, netbooks, etc. Satellite systems do not fall within the scope of this RFP.*

2. Will carriers who only provide service in only a single state be considered for potential contract award? I represent a company based in Alaska. We provide telecommunications services, including wireless voice and wireless broadband, throughout the state of Alaska. We are potentially interested in the RFP no 1907 as the State of Alaska is a participating member of WSCA. If we are to submit a proposal, it would contain the limitation of Alaska only. No other WSCA member State would be able to purchase from us. The intention is to provide a competitive purchasing vehicle for those eligible agencies in Alaska only. Would this limitation disqualify us?

*This limitation does not disqualify your company.*

3. On the previous WSCA Agreement, pricing was defined as a percentage discount off standard retail rates. The current RFP and associated pricing worksheets do not include this type of pricing. Are vendors allowed to propose a percentage discount off standard retail rates?

*Vendors can propose a percentage discount off standard retail rates, but must also provide pricing as requested.*

4. Are vendors required to include exceptions to States Unique Terms & Conditions (Oregon & Montana, Attachment K) as part of our response or will these State Unique Terms and Condition be addressed between the awarded bidders and the individual States upon notification of award?

*Vendors should include exceptions to those unique terms and conditions as a part of their proposal, clearly stating which state's terms and conditions the exceptions apply to. These exceptions will not necessarily be considered during the evaluation process. Exceptions to a State's unique terms and conditions will be addressed between the awarded vendor(s) and the individual participating entity.*

5. Section 3.2.2 states that "All changes/reductions to current agreement pricing shall be formalized by an Agreement Amendment..." To clarify, is this section requiring an amendment for all ongoing changes in rate plans, products and services that are regular adjustments and updates to a vendor's portfolio? Or is the intent of Section 3.2.2 to formalize by written amendment changes in contractual language in the Master Agreement including, but not limited to, changes in the percentage discount offered on services, a change in the scope of products offered under the contract and/or introduction of new technologies with additional product terms.

*The intent of this section is to formalize by written amendment changes in contractual language in the Master Agreement including, but not limited to: changes in the percentage discount offered on services; a change in the scope of products offered under the contract; and/or introduction of new technologies with additional product terms. When new technologies are introduced, the discount structure that applies to the new technology must be approved.*

6. Existing statewide and local agency Participating Addendums (PA) under the existing WSCA Master Price Agreement #1523 expire on 10/31/2012. Is WSCA contemplating a transition period during which new Participating Addendums (or amendments to existing

Participating Addendums) can be executed under the new WSCA Master Agreement awarded as a result of RFP No. 1907?

*The intent is to award new contracts as of October 31, 2011. This will allow for any awarded current vendors to transition existing customers to the new contract, and will also allow for any new vendors to begin executing Participating Addendums immediately, with all executions completed by October 31, 2012.*

7. Are vendors permitted to submit their own W-9 form in lieu of the W-9 included in the RFP, Attachment F?

*Yes. In addition, when a participating entity executes a Participating Addendum, vendors may be required to register within that State and provide an additional W-9 for each Participating Addendum executed.*

8. Regarding Section 4.3, are subcontractors required to submit business references?

*Yes. Please see Section 4.2.1.3 of the RFP.*

9. Will this Bid allow a vendor to submit a bid for replacement aftermarket batteries (Non-OEM) as the only line items bid?

*Yes, as long as warranties meet the requirements of the RFP.*

10. Section 1 Project Overview Section; Participation by 50 states is listed, but District of Columbia is not mentioned. Will District of Columbia be allowed to participate?

*Yes.*

11. Section 3.2.3 Administrative Fee Payment Schedule and Attachment G. In this section the administrative fee is to be paid within 60 days after the end of the quarter, but in Schedule G the schedule for payment is the 15 day of the second calendar month after the end of the quarter. Please explain the difference.

*Schedule G is correct. "Quarterly sales reports are sent by 15<sup>th</sup> day of second calendar month after end of calendar quarter (the same schedule outlined below for the admin fee checks)". This schedule applies only to the WSCA administrative fee. Schedules for any administrative fees payable to any individual participating entities will be agreed upon by the awarded vendor and the participating entity.*

12. Section 4.2.1.4 Subcontractor Information Appears that some words were deleted at the end of this requirement. Please clarify and provide the requirement in its entirety.

*Section 4.2.1.5 shall be added and shall read:*

*Vendor must notify the participating entity of the intended use of any subcontractors not identified within their original proposal response and provide the information originally requested in the RFP in Section 4.2, Subcontractor Information. The vendor must receive participating entity approval prior to subcontractor commencing work.*

13. 9.1.5 and 9.2.2.6 General Submission Requirements and Tab VI-Section 3-Scope of Work. Please clarify that the vendor can submit responses in a different style/format of

their choosing than the RFP requirement. Section 9.1.5 basically states that this is acceptable; however, Section 9.2.6 states that responses are to be in bold/italics. Responses in bold/italics will be very difficult for the proposal reviewers and evaluators to read.

*Vendor responses must be presented in a style/format that is easily distinguishable from RFP language. For consistency purposes, bold/italics is preferred. Exceptions/assumptions to this will be considered during the evaluation process.*

14. Attachment B1 Certification of Compliance with T&C of RFP. If we have a few exceptions to we respond and we have noted those exceptions on this attachment would we respond that we comply with the terms & conditions in the RFP or that we do not comply with the terms & conditions of the RFP.

*Vendor response must indicate non-compliance with the terms and conditions of the RFP and propose alternate language.*

15. Attachment D WSCA MSA Contract Form. New Attachment D is more similar to the existing “Independent Contract for Services” than the existing Attachment DD. The vendors need a true, customer facing contract document that spells out the terms and conditions applicable to the relationship. This Attachment D appears to be Nevada-specific (again, much like last round’s Independent Contract). We believe that the existence of a set of terms and conditions that are Nevada-specific creates significant confusion that can be avoided by having Nevada sign its own, separate PA. That PA would incorporate the more broad terms and conditions, much like Attachment DD today. Please clarify.

*The terms and conditions contained in Attachment D are not intended to be Nevada specific; however, the solicitation is required to be done under the lead state’s statutes, and therefore, Nevada Revised Statutes are cited. Nevada will sign a separate Participating Addendum once the contracts have been executed.*

16. Section 2 Definitions. Certain definitions require some clarification. Under the existing contract, there is WSCA, Participants (entities that execute a PA), Participating Entities (entities that participate under a PA signed by a separate Participant), and End Users (the CRUs and IRUs, collectively, for a Participating Entity). Under the new RFP, you have defined Customer, State, Subscriber and User, but not all the terms referenced above. There is a certain amount of overlap between these various definitions and we believe it is important to clearly define these roles (for example “State” means Nevada “and any agency identified herein”. Does that mean Nevada agency or ANY agency? Can WSCA provide this clarification?

*Definitions in this RFP are the only definitions to be considered. The definitions for Customer, State, Subscriber and User shall mean any department, division, agency of participating NASPO/WSCA states, authorized local entities, and authorized employees thereof, where applicable.*

17. Sections 3.5.9 and 3.5.15 Detailed coverage maps. Will certain elements of our response, particularly our detailed network maps and technology migration plans, be kept confidential?

*If this information is considered a trade secret as defined by NRS §333.020(5)(a), it should be included in the vendor's confidential technical response. Please see Section 9.3 of the RFP.*

18. Section 3.6.15 Please clarify what is meant by “the ability to provide wireless data services for any equipment that has wireless voice capability.”

*Cell phones that are capable of sending and receiving data. On reconsideration, we will accept devices that can provide either (i.e. Netbooks with no voice; cell phones with no data) but this must be delineated when presented to participating entities.*

19. Section 3.5.14 Please clarify what is meant by this section, particularly with respect to the clause “additional charges or fees”. Is WSCA expecting that trial programs be provided free of charge? Or are the vendors allowed to charge their standard, contractual charges as applicable?

*WSCA is requesting a free trial period from vendors.*

20. In regards to the E-Rate pricing that is requested in the proposal. What is the average E-Rate percentage that needs to be calculated across all sites that are comprised in the State of Nevada network?

*This is unknown.*

21. Which companies are the current providers of the State of Nevada voice, internet, cell phone and broadband services at this present time?

*The State of Nevada participates on the current WSCA Wireless contracts with AT&T Mobility, Sprint Solutions, T-Mobile, and Verizon Wireless.*

22. How many voices lines are comprised on the State of Nevada network ? What is the current delivery type of the voices services (POTS, PBX,Internet)?

*This is unknown.*

23. What is the estimated number (+or-) Wireless Broadband lines currently or anticipated for the State of Nevada network? Will this be the first implementation of wireless broadband for the State of Nevada network?

*This is unknown.*

24. What is the estimated number of State of Nevada employees in 2011? What is the current policy for providing cell phone to State of Nevada employees?

*There are roughly 16,000 state employees in Nevada. Each department/agency writes their own policy for providing cell phones to employees and their usage. This will also vary from participating entity to participating entity throughout the states.*

25. In regards to customer care support. What level of customer service support is the State of Nevada seeking Tier 1, Tier 2 or Tier 3. What hours and days per week should the vendor be prepared to provide to the State of Nevada?

*It is expected that all levels of customer service support are available to all participating entities. It is also expected that some level, but not necessarily all levels, of support be available 24/7. Vendors should clearly define the levels of support each tier constitutes within their response.*

26. In regards to current voice and broadband network design. Are any of the services currently terminated within a data centers? If so are the data centers owned by the State of Nevada or leased space from major carriers such as Level 3, Qwest or NAP's like Switch?

*This is unknown.*

27. How many voicemail boxes are being requested for network?

*This is unknown.*

28. Is the State of Nevada looking for improvement in network security to be implemented on network with these requested changes?

*This is unknown.*

29. In attempting to estimate administrative fees to be paid to Western States. What is the current monthly billing amount for each category of existing voice and wireless broadband services?

*The information provided in Attachment J of the RFP is the most current and complete information that can be provided.*

30. At section 4.1.4, can you please confirm what licensing would be required? besides my business license, and certificate of insurance.

*It is the proposing vendor's responsibility to research and comply with license that is required of a vendor to provide the services/equipment contemplated within RFP 1907.*

31. For the accessories (band3) the pricing sheet and cost analysis ask for discount percent off. Is this off of MSRP or off vendor current pricing? Each vendor's current pricing is already going to be a different percent off MSRP. In order to make comparisons of percent off on an equal basis, is it possible that vendors list Discount Percent off for MSRP & current pricing (to be listed as MSRP / current pricing) so that evaluators can see how much vendor's pricing is off of MSRP.

*Yes.*

32. Reference 3.1.4- It appears that the E-rate program would apply to vendors providing wireless service, but it does not appear that it would apply to vendors providing

accessories (band 3). Are vendors participating in only Band 3 be required to commit to participate in this program as well?

*The E-Rate program provides discounts to assist most schools and libraries to obtain affordable telecommunications and internet access. It is not believed to be intended for accessories.*

33. Reference 3.2.3 - This section refers to administrative fees required by WSCA or non-WSCA states in addition to the WSCA administrative fee. It states that "The Contractor(s) may adjust SES (Service Equipment Schedule) pricing accordingly for purchases made by procuring agencies within jurisdiction of the state." Question- For vendors participating in Band 3 for Accessories and Equipment only, we don't necessarily have a SES. Can these vendors adjust pricing as specified in our pricing sheet accordingly as is being allowed for service providers?

*Yes, but this should be clearly defined.*

34. In accordance with section 3.1.1 Scope of Work Vendors may choose to submit a proposal on any or all listed services and/or equipment. Vendor must submit separate binders identifying compliance with each band. For Vendors proposing multiple bands this requirement could amount to 84+ binders being provided to WSCA for review. In accordance with section 9.1.6 and the State of Nevada's continuing efforts to reduce solid waste and further recycling efforts, would WSCA accept one Technical Section containing the appropriate Tabs for each band, One Cost Section containing the appropriate Tabs for each band and one Confidential Financial binder in order to reduce environmental impacts and support Vendor green initiative objectives if a Vendor should choose to respond to multiple bands.

*Yes.*

35. It was stated at the 2/23 pre-proposal meeting that Public Sector Associations or other cooperatives with members are allowed to sign a PA with Wireless Contractors. 1.a Please describe the type of Association or Cooperative that is eligible to sign a WSCA PA. 1.b Is the intent that the Associations would be able to purchase on a CL and IL basis for their Association and/or members use? 1.c Would WSCA allow wireless contractors to customize Terms & Conditions and/or pricing for specific entities, such as non-profit organizations? For example, removal of early termination fee waivers.

*This will vary by State and must be addressed on a case by case basis.*

36. It was stated at the 2/23 pre-proposal meeting that Contractors can sign PA's directly with non-profits in States that do not prohibit such a practice. .a Assuming there is no State law prohibition, is there any limitation on the type of non-profits that will be eligible to sign a PA? Will WSCA allow Wireless Contractors to restrict certain types of non-profits? b Do eligible non-profit entities have the same right to sign PA's as a local governments (e.g., City or County) in States that have a State level PA but do not define non-profits as eligible or in States without a State level PA?

*This will vary by participating entity and must be addressed on a case by case basis.*

37. It was stated at the 2/23 pre-proposal meeting that WSCA will consider accommodating contract survivability for the purpose of E-Rate funding. Will WSCA allow Wireless Contractors to sign PA's and/or E-Rate agreements under the terms of the WSCA Master Agreement with termination dates that are coterminous with the E-Rate funding years (July 1 – June 30) up to eight months beyond the then effective termination date of the WSCA Master Agreement?

*If the Participating Addendum is signed prior to current contract termination, it will survive.*

38. Section 3.5 How do you specifically wish for us to showcase our coverage offering? Will % of area covered, % of population covered, Total pops covered or type of service that covers each state suffice? (3.5.7)

*Offerings should provide complete and detailed information in as clear and straightforward format as possible.*

39. Section 3.5.8 states no roaming/in-network voice services; where there are no roaming charges and rely on partner network to offer the best user experience can we show total coverage mapping (company owned and partner) for each State?

*Yes.*

40. Please elaborate on specifically what is needed for section 3.5.12, nationwide, states, etc?

*Provide detailed plans and timelines of what your company is doing to improve coverage in any area where you currently have 50% or less coverage.*

41. For section 3.5.13 the ask is to identify "basic" equipment provided for standard operations; would it be appropriate to offer a "basic" / "preferred" option, or "good", "better", "best", so long as it's clearly identified and articulated appropriately?

*Yes. All warranty requirements will apply.*

42. Section 3.5.25: Please confirm you are looking for specific detail and pricing on how we will augment in-building coverage (product solution and/or services based).

*Correct.*

43. Section 3.6: This section has all the same questions as 3.5 only for data. Is it imperative we assume this needs to be separated within our response?

*Correct.*

44. In section 3.6.20, please elaborate. Is the need to truly define all devices not supported on our network or if we should highlight a few key related devices not support or devices which we don't stock or have access through partner networks, etc.

*Please highlight a few key related devices not supported or devices which you don't stock or have access through partner networks, etc.*

45. Attachment H pricing documents. Do you want all three of the BANS cost pricing in one pricing document or would you like separate voice, broadband and accessories pricing documents; if we will be proposing a bid for all three BANS.

*We would prefer one for each band.*

46. Reporting Due to CPNI issues may we create a separate IL report for the Individual Liable lines on the WSCA contract showing the gross Lines, gross Minutes, gross spend for each quarter? Due to CPNI limitations we are unable to provide information on IL lines such as customer name, address, mobile number etc?

*WSCA does not require customer information on IL accounts; reports on these accounts should include spend only.*

47. What information do you want in the following columns in the line and equipment reports?

Column #	22	28	29	30	31	32
Field Size	8	30	1	1	60	60
Vendor Name	UNSPSC Commodity	VAR/Reseller/Distributor Name	Recycling		Optional – Category Description	Optional-Class Detail

*These can be left blank and will be addressed with awarded vendor(s) in the future. The column should be left, but can be blank where no information is available.*

**ALL ELSE REMAINS THE SAME FOR RFP 1907.**

Vendor shall sign and return this amendment with proposal submitted.
