RFP 3047 ~ Pricing Schedule

For any project that requires the contractor to pay federal prevailing wages for work performed under that project, the contractor may submit evidence for a modified hourly rate based on the prevailing wage. Information submitted by the contractor must clearly demonstrate that the proposed adjusted rate is reasonable and appropriate. If and when a prevailing wage is required on a particular project, it will be the contractor's responsibility to obtain the appropriate wage rate information and submit it, along with any other required information to the agency or other government entity that has initiated the project.
