SUBJECT: Amendment 1 to Request for Qualification 3064
RFP TITLE: Bulk Fuel Purchase and Delivery Service
DATE OF AMENDMENT: September 19, 2013
DATE OF RFP RELEASE: August 19, 2013
OPENING DATE: October 9, 2013
OPENING TIME: 2:00 PM
CONTACT: Nancy Feser, Procurement Staff Member

The following shall be a part of RFQ3064. If a vendor has already returned a proposal and any of the information provided below changes that proposal, please submit the changes along with this amendment. You need not re-submit an entire proposal prior to the opening date and time.

Revisions to RFQ:

Section 1 of the RFQ is being revised to read:

The State does not guarantee any minimum number of bulk fuel purchases under this contract. As these contracts will affect several State agencies, the approximate number of bulk fuel purchases, using agencies, etc. is unavailable.

The State reserves the right to accept vendor proposals for qualification on an ongoing basis. Any future contract awards will be written based upon termination dates concurrent with contracts awarded as a result of the original RFQ.

Questions and Answers to RFQ:

1. Can you do better than 30 days for payment terms, i.e. Net 10 or Net 15?

Payments for invoices will be made within 10-15 days of receipt; refer to Section 8 of the RFQ.

2. Have any addendums been released for this bid?

No, this is the first amendment/addendum to this RFQ.

3. Do you currently receive a discount for prompt payment of invoices?

The State receives prompt payment discounts on various purchases and is willing to consider prompt pay discount offered.

4. Can we please have a list of bidders invited to submit a proposal?

This information is not available.

5. Will a metered bill of lading be acceptable in place of the metered truck requirement?

Yes.

6. Do you consider common carriers to be subcontractors?

Yes.

7. Is this RFQ a pre-qualification of suppliers and no pricing is due by 10/9/2013?

Correct, the purpose of this RFQ is to determine the qualifications of vendors per the Minimum Qualifications in Section 3.2 of the RFQ. As needed, agencies will then make purchases, from the qualified vendors awarded contracts with consideration of lowest cost and availability of fuel delivery, at time of purchase.

If yes to question above, when is the official RFP estimated to release?

Refer to Question 7 above.

8. Who are the current suppliers?

Below is a list of fuel vendors that have been used by individual agencies; however, these vendor's are not under contract.

Suburban Propane, Gale Oil and Tire, Sage Petroleum Products, Western Entergenix, Flyers Energy LLC, Carson Valley Oil, Al Park Petroleum, Thomas Petroleum, Turner Petroleum, Chris's Service, Rebel Oil, and Epic Aviation.

9. Is ACH payment method acceptable?

Yes.

10. What is the pricing index and terminal cities preferred?

The State is not incorporating the pricing index into this RFQ, and there is no preference regarding which terminals are used by the Vendors.

11. Metered tickets on full tanker transports is not commercial standard. Please confirm if the refiners temperature corrected bill of lading will be acceptable?

Yes, the refiners temperature corrected bill of lading is acceptable.

12. During the pre-proposal conference, it was brought to the States attention that the following propane tanks are owned by Suburban Propane:

<i>Tonopah Conservation Camp</i>	<i>6 - 1,150 gallon tanks</i>
<i>Glendale NDOT</i>	<i>1 - 500 gallon tank</i>
<i>Indian Springs NDOT</i>	<i>1 - size of tank unspecified</i>
<i>Mt. Charles NDOT</i>	<i>1 - 1,000 gallon tank</i>
<i>Searchlight NDOT</i>	<i>1 - 500 gallon tank</i>

ALL ELSE REMAINS THE SAME FOR RFQ 3064.

Vendor must sign and return this amendment with proposal submitted.
