SUBJECT: Amendment 1 to Request for Qualification 3064
RFP TITLE: Bulk Fuel Purchase and Delivery Service
DATE OF AMENDMENT: September 19, 2013
DATE OF RFP RELEASE: August 19, 2013
OPENING DATE: October 9, 2013
OPENING TIME: 2:00 PM
CONTACT: Nancy Feser, Procurement Staff Member

The following shall be a part of RFQ **3064**. If a vendor has already returned a proposal and any of the information provided below changes that proposal, please submit the changes along with this amendment. You need not re-submit an entire proposal prior to the opening date and time.

Revisions to RFQ:

Section 1 of the RFQ is being revised to read:

The State does not guarantee any minimum number of bulk fuel purchases under this contract. As these contracts will affect several State agencies, the approximate number of bulk fuel purchases, using agencies, etc. is unavailable.

The State reserves the right to accept vendor proposals for qualification on an ongoing basis. Any future contract awards will be written based upon termination dates concurrent with contracts awarded as a result of the original RFQ.

Questions and Answers to RFQ:

1. Can you do better than 30 days for payment terms, i.e. Net 10 or Net 15?

Payments for invoices will be made within 10-15 days of receipt; refer to Section 8 of the RFQ.

2. Have any addendums been released for this bid?

No, this is the first amendment/addendum to this RFQ.

3. Do you currently receive a discount for prompt payment of invoices?

The State receives prompt payment discounts on various purchases and is willing to consider prompt pay discount offered.

4. Can we please have a list of bidders invited to submit a proposal?

This information is not available.

5. Will a metered bill of lading be acceptable in place of the metered truck requirement?

Yes.

6. Do you consider common carriers to be subcontractors?

Yes.

7. Is this RFQ a pre-qualification of suppliers and no pricing is due by 10/9/2013?

Correct, the purpose of this RFQ is to determine the qualifications of vendors per the Minimum Qualifications in Section 3.2 of the RFQ. As needed, agencies will then make purchases, from the qualified vendors awarded contracts with consideration of lowest cost and availability of fuel delivery, at time of purchase.

If yes to question above, when is the official RFP estimated to release?

Refer to Question 7 above.

8. Who are the current suppliers?

Below is a list of fuel vendors that have been used by individual agencies; however, these vendor's are not under contract.

Suburban Propane, Gale Oil and Tire, Sage Petroleum Products, Western Entergenix, Flyers Energy LLC, Carson Valley Oil, Al Park Petroleum, Thomas Petroleum, Turner Petroleum, Chris's Service, Rebel Oil, and Epic Aviation.

9. Is ACH payment method acceptable?

Yes.

10. What is the pricing index and terminal cities preferred?

The State is not incorporating the pricing index into this RFQ, and there is no preference regarding which terminals are used by the Vendors.

11. Metered tickets on full tanker transports is not commercial standard. Please confirm if the refiners temperature corrected bill of lading will be acceptable?

Yes, the refiners temperature corrected bill of lading is acceptable.

12. During the pre-proposal conference, it was brought to the States attention that the following propane tanks are owned by Suburban Propane:

<i>Tonopah Conservation Camp</i>	<i>6 – 1,150 gallon tanks</i>
<i>Glendale NDOT</i>	<i>1- 500 gallon tank</i>
<i>Indian Springs NDOT</i>	<i>1 – size of tank unspecified</i>
<i>Mt. Charles NDOT</i>	<i>1 – 1,000 gallon tank</i>
<i>Searchlight NDOT</i>	<i>1 – 500 gallon tank</i>

ALL ELSE REMAINS THE SAME FOR RFQ 3064.

Vendor must sign and return this amendment with proposal submitted.

Vendor Name: Rebel Oil Company, Inc.
Authorized Signature: Dutch Carson
Title: Vice President Date: 10/7/2013

This document must be submitted in the "State Documents" section/tab of vendors' technical proposal.

ATTACHMENT A – CONFIDENTIALITY AND CERTIFICATION OF INDEMNIFICATION

Submitted proposals, which are marked “confidential” in their entirety, or those in which a significant portion of the submitted proposal is marked “confidential” **will not** be accepted by the State of Nevada. Pursuant to NRS 333.333, only specific parts of the proposal may be labeled a “trade secret” as defined in NRS 600A.030(5). All proposals are confidential until the contract is awarded; at which time, both successful and unsuccessful vendors’ technical and cost proposals become public information.

In accordance with the Submittal Instructions of this RFQ, vendors are requested to submit confidential information in separate binders marked “**Part I B Confidential Technical**” and “**Part II Confidential Financial**”.

The State will not be responsible for any information contained within the proposal. Should vendors not comply with the labeling and packing requirements, proposals will be released as submitted. In the event a governing board acts as the final authority, there may be public discussion regarding the submitted proposals that will be in an open meeting format, the proposals will remain confidential.

By signing below, I understand it is my responsibility as the vendor to act in protection of the labeled information and agree to defend and indemnify the State of Nevada for honoring such designation. I duly realize failure to so act will constitute a complete waiver and all submitted information will become public information; additionally, failure to label any information that is released by the State shall constitute a complete waiver of any and all claims for damages caused by the release of the information.

This proposal contains Confidential Information, Trade Secrets and/or Proprietary information as defined in *Section 2 “ACRONYMS/DEFINITIONS.”*

Please initial the appropriate response in the boxes below and provide the justification for confidential status.

ATTACHMENT C – VENDOR CERTIFICATIONS

Vendor agrees and will comply with the following:

- (1) Any and all prices that may be charged under the terms of the contract do not and will not violate any existing federal, State or municipal laws or regulations concerning discrimination and/or price fixing. The vendor agrees to indemnify, exonerate and hold the State harmless from liability for any such violation now and throughout the term of the contract.
- (2) All proposed capabilities can be demonstrated by the vendor.
- (3) The price(s) and amount of proposal will be arrived independently and without consultation, communication, agreement or disclosure with or to any other contractor, vendor or potential vendor.
- (4) All proposal terms, will remain in effect for a minimum of 180 days after the proposal due date. In the case of the awarded vendor, all proposal terms, will remain in effect throughout the contract negotiation process.
- (5) No attempt has been made at any time to induce any firm or person to refrain from proposing or to submit a proposal higher than this proposal, or to submit any intentionally high or noncompetitive proposal. All proposals must be made in good faith and without collusion.
- (6) All conditions and provisions of this RFQ are deemed to be accepted by the vendor and incorporated by reference in the proposal, except such conditions and provisions that the vendor expressly excludes in the proposal. Any exclusion must be in writing and included in the proposal at the time of submission.
- (7) Each vendor must disclose any existing or potential conflict of interest relative to the performance of the contractual services resulting from this RFQ. Any such relationship that might be perceived or represented as a conflict should be disclosed. By submitting a proposal in response to this RFQ, vendors affirm that they have not given, nor intend to give at any time hereafter, any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor, or service to a public servant or any employee or representative of same, in connection with this procurement. Any attempt to intentionally or unintentionally conceal or obfuscate a conflict of interest will automatically result in the disqualification of a vendor's proposal. An award will not be made where a conflict of interest exists. The State will determine whether a conflict of interest exists and whether it may reflect negatively on the State's selection of a vendor. The State reserves the right to disqualify any vendor on the grounds of actual or apparent conflict of interest.
- (8) All employees assigned to the project are authorized to work in this country.
- (9) The company has a written equal opportunity policy that does not discriminate in employment practices with regard to race, color, national origin, physical condition, creed, religion, age, sex, marital status, sexual orientation, developmental disability or handicap.
- (10) The company has a written policy regarding compliance for maintaining a drug-free workplace.
- (11) Vendor understands and acknowledges that the representations within their proposal are material and important, and will be relied on by the State in evaluation of the proposal. Any vendor misrepresentations shall be treated as fraudulent concealment from the State of the true facts relating to the proposal.
- (12) Vendor must certify that any and all subcontractors comply with Sections 7, 8, 9, and 10, above.
- (13) The proposal must be signed by the individual(s) legally authorized to bind the vendor per NRS 333.337.

6.1.9

Company background/history and why vendor is qualified to provide the services described in this RFQ. Limit response to no more than five (5) pages.

Rebel started with one retail location in 1952 and has grown with Las Vegas to operate over 55 stores, three bulk plants and a terminal facility.

Rebel has built its business on strong customer relationships and providing the community with superior products at competitive prices.

Rebel Oil Company is unique in the industry because of its ability to provide fuels to Rebel customers from its own terminal facility with the Rebel fleet of trucks and tank wagons.

Rebel has electronically-controlled biodiesel blending at its terminal rack. The future appears to be moving towards cleaner burning fuels and alternative fuel vehicles. Rebel offers E85 and biodiesel and will continue to stay ahead of this "green" movement and continue to provide services and fuels for all types of vehicles.

The Rebel terminal has a storage capacity of over 3.7 million gallons of unleaded, premium, diesel, ethanol and bio fuels. This storage capacity is used exclusively by Rebel and its customers and is separate from the Kinder Morgan common storage facility and other terminal facilities in the valley, in which Rebel also stores additional fuel.

The Rebel terminal has direct access to fuel coming into Las Vegas from refineries in southern California via the California-Nevada pipeline. Access to that pipeline, along with Rebel's exclusive storage capacity and partnerships with other vendors and transport companies, including suppliers at the Utah-Nevada pipeline terminal, puts Rebel in a unique position to handle pressures that may be caused by emergencies that affect the supply of fuel to the area. If there was a breakdown on the pipeline, Rebel's fleet of truck and trailer transports, along with other transportation partnerships, can pull products from other areas of the country like Salt Lake City, Phoenix, and Southern California.

6.1.10

Length of time vendor has been providing services described in this RFQ to the public and/or private sector. Please provide a brief description.

Rebel Oil Company has provided fuel delivery services to entities and agencies in Southern Nevada for over 30 years. Rebel's current contracted customers include the City of Las Vegas, the Las Vegas Valley Water District, the Clark County School District, the Regional Transportation Commission. Rebel also delivers fuel on an as needed basis to many other entities in the valley, including Clark County, the Clark County Department of Aviation, the City of Henderson and others.

6.1.11
