STATE DOCUMENTS

SUBJECT: Amendment 1 to Request for Qualification 3064
RFP TITLE: Bulk Fuel Purchase and Delivery Service
DATE OF AMENDMENT: September 19, 2013
DATE OF RFP RELEASE: August 19, 2013
OPENING DATE: October 9, 2013
OPENING TIME: 2:00 PM
CONTACT: Nancy Feser, Procurement Staff Member

The following shall be a part of RFQ **3064**. If a vendor has already returned a proposal and any of the information provided below changes that proposal, please submit the changes along with this amendment. You need not re-submit an entire proposal prior to the opening date and time.

Revisions to RFQ:

Section 1 of the RFQ is being revised to read:

The State does not guarantee any minimum number of bulk fuel purchases under this contract. As these contracts will affect several State agencies, the approximate number of bulk fuel purchases, using agencies, etc. is unavailable.

The State reserves the right to accept vendor proposals for qualification on an ongoing basis. Any future contract awards will be written based upon termination dates concurrent with contracts awarded as a result of the original RFQ.

Questions and Answers to RFQ:

1. Can you do better than 30 days for payment terms, i.e. Net 10 or Net 15?

Payments for invoices will be made within 10-15 days of receipt; refer to Section 8 of the RFQ.

2. Have any addendums been released for this bid?

No, this is the first amendment/addendum to this RFQ.

3. Do you currently receive a discount for prompt payment of invoices?

The State receives prompt payment discounts on various purchases and is willing to consider prompt pay discount offered.

4. Can we please have a list of bidders invited to submit a proposal?

This information is not available.

5. Will a metered bill of lading be acceptable in place of the metered truck requirement?

Yes.

6. Do you consider common carriers to be subcontractors?

Yes.

7. Is this RFQ a pre-qualification of suppliers and no pricing is due by 10/9/2013?

Correct, the purpose of this RFQ is to determine the qualifications of vendors per the Minimum Qualifications in Section 3.2 of the RFQ. As needed, agencies will then make purchases, from the qualified vendors awarded contracts with consideration of lowest cost and availability of fuel delivery, at time of purchase.

If yes to question above, when is the official RFP estimated to release?

Refer to Question 7 above.

8. Who are the current suppliers?

Below is a list of fuel vendors that have been used by individual agencies; however, these vendor's are not under contract.

Suburban Propane, Gale Oil and Tire, Sage Petroleum Products, Western Entergenix, Flyers Energy LLC, Carson Valley Oil, Al Park Petroleum, Thomas Petroleum, Turner Petroleum, Chris's Service, Rebel Oil, and Epic Aviation.

9. Is ACH payment method acceptable?

Yes.

10. What is the pricing index and terminal cities preferred?

The State is not incorporating the pricing index into this RFQ, and there is no preference regarding which terminals are used by the Vendors.

11. Metered tickets on full tanker transports is not commercial standard. Please confirm if the refiners temperature corrected bill of lading will be acceptable?

Yes, the refiners temperature corrected bill of lading is acceptable.

12. During the pre-proposal conference, it was brought to the States attention that the following propane tanks are owned by Suburban Propane:

<i>Tonopah Conservation Camp</i>	<i>6 – 1,150 gallon tanks</i>
<i>Glendale NDOT</i>	<i>1- 500 gallon tank</i>
<i>Indian Springs NDOT</i>	<i>1 – size of tank unspecified</i>
<i>Mt. Charles NDOT</i>	<i>1 – 1,000 gallon tank</i>
<i>Searchlight NDOT</i>	<i>1 – 500 gallon tank</i>

ALL ELSE REMAINS THE SAME FOR RFQ 3064.

Vendor must sign and return this amendment with proposal submitted.

ATTACHMENT A – CONFIDENTIALITY AND CERTIFICATION OF INDEMNIFICATION

Submitted proposals, which are marked “confidential” in their entirety, or those in which a significant portion of the submitted proposal is marked “confidential” **will not** be accepted by the State of Nevada. Pursuant to NRS 333.333, only specific parts of the proposal may be labeled a “trade secret” as defined in NRS 600A.030(5). All proposals are confidential until the contract is awarded; at which time, both successful and unsuccessful vendors’ technical and cost proposals become public information.

In accordance with the Submittal Instructions of this RFQ, vendors are requested to submit confidential information in separate binders marked “**Part I B Confidential Technical**” and “**Part II Confidential Financial**”.

The State will not be responsible for any information contained within the proposal. Should vendors not comply with the labeling and packing requirements, proposals will be released as submitted. In the event a governing board acts as the final authority, there may be public discussion regarding the submitted proposals that will be in an open meeting format, the proposals will remain confidential.

By signing below, I understand it is my responsibility as the vendor to act in protection of the labeled information and agree to defend and indemnify the State of Nevada for honoring such designation. I duly realize failure to so act will constitute a complete waiver and all submitted information will become public information; additionally, failure to label any information that is released by the State shall constitute a complete waiver of any and all claims for damages caused by the release of the information.

This proposal contains Confidential Information, Trade Secrets and/or Proprietary information as defined in *Section 2 “ACRONYMS/DEFINITIONS.”*

Please initial the appropriate response in the boxes below and provide the justification for confidential status.

ATTACHMENT C – VENDOR CERTIFICATIONS

Vendor agrees and will comply with the following:

- (1) Any and all prices that may be charged under the terms of the contract do not and will not violate any existing federal, State or municipal laws or regulations concerning discrimination and/or price fixing. The vendor agrees to indemnify, exonerate and hold the State harmless from liability for any such violation now and throughout the term of the contract.
- (2) All proposed capabilities can be demonstrated by the vendor.
- (3) The price(s) and amount of proposal will be arrived independently and without consultation, communication, agreement or disclosure with or to any other contractor, vendor or potential vendor.
- (4) All proposal terms, will remain in effect for a minimum of 180 days after the proposal due date. In the case of the awarded vendor, all proposal terms, will remain in effect throughout the contract negotiation process.
- (5) No attempt has been made at any time to induce any firm or person to refrain from proposing or to submit a proposal higher than this proposal, or to submit any intentionally high or noncompetitive proposal. All proposals must be made in good faith and without collusion.
- (6) All conditions and provisions of this RFQ are deemed to be accepted by the vendor and incorporated by reference in the proposal, except such conditions and provisions that the vendor expressly excludes in the proposal. Any exclusion must be in writing and included in the proposal at the time of submission.
- (7) Each vendor must disclose any existing or potential conflict of interest relative to the performance of the contractual services resulting from this RFQ. Any such relationship that might be perceived or represented as a conflict should be disclosed. By submitting a proposal in response to this RFQ, vendors affirm that they have not given, nor intend to give at any time hereafter, any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor, or service to a public servant or any employee or representative of same, in connection with this procurement. Any attempt to intentionally or unintentionally conceal or obfuscate a conflict of interest will automatically result in the disqualification of a vendor's proposal. An award will not be made where a conflict of interest exists. The State will determine whether a conflict of interest exists and whether it may reflect negatively on the State's selection of a vendor. The State reserves the right to disqualify any vendor on the grounds of actual or apparent conflict of interest.
- (8) All employees assigned to the project are authorized to work in this country.
- (9) The company has a written equal opportunity policy that does not discriminate in employment practices with regard to race, color, national origin, physical condition, creed, religion, age, sex, marital status, sexual orientation, developmental disability or handicap.
- (10) The company has a written policy regarding compliance for maintaining a drug-free workplace.
- (11) Vendor understands and acknowledges that the representations within their proposal are material and important, and will be relied on by the State in evaluation of the proposal. Any vendor misrepresentations shall be treated as fraudulent concealment from the State of the true facts relating to the proposal.
- (12) Vendor must certify that any and all subcontractors comply with Sections 7, 8, 9, and 10, above.
- (13) The proposal must be signed by the individual(s) legally authorized to bind the vendor per NRS 333.337.

SC Fuels

SC Fuels is one of the largest petroleum marketers in the western United States. Formed in 1930 and now in its 80th year, the company is now led by the 2nd and 3rd generations of the Greinke family. The company maintains offices throughout California, as well as Arizona, Texas, New Mexico, Nevada and Colorado.

SC Fuels mission is to be the single choice for fuel and petroleum products for its customers. The company is a distributor of branded and unbranded gasoline and diesel fuel for automotive, commercial and industrial use in the western half of the US. The company's size is its advantage: access to capital markets provides opportunities to work with a large number of customers, and unparalleled supplier relations provide consistent access to product at competitive prices.

SC Fuels also operates Commercial/Fleet divisions throughout its marketing area, employing over 300 commercial fueling trucks.

The company is recognized as a leader in branded wholesale services. Its access to many leading brands, including Valero, Tesoro, and Shell, and its in-house expertise on retail marketing and operations, makes the company highly sought after by both suppliers and dealers. The branded division currently supports over 175 branded retail stations, and is growing rapidly.

The company offers lubricants throughout its marketing area. It is one of the largest Chevron distributors in the US.

SC Fuels offers nationwide automated commercial fleet fueling and fleet management reporting through its cardlock division. The company opened the nation's first cardlock site, and still owns and operates over 30 sites throughout California. CFS expands on its service offering by providing access to a nationwide network of dealers through the Voyager network.

SC Fuels wide array of products and services, coupled with its industry relations and expertise, make it the Single Choice for fuel.

6.2 SUBCONTRACTOR INFORMATION

- 6.2.1 Does this proposal include the use of subcontractors, excluding the use of common carriers registered with a valid SCAC?

Yes	X	No	
-----	---	----	--

If “Yes”, vendor must:

- 6.2.1.1 Identify specific subcontractors and the specific requirements of this RFQ for which each proposed subcontractor will perform services.

In addition to our own trucks, we would use common carriers to haul fuel from storage terminals to Sate sites.

- 6.2.1.2 If any tasks are to be completed by subcontractor(s), vendors must:

- A. Describe the relevant contractual arrangements;

Common Carriers used to transport fuel from terminal to customer tanks. While we do not have specific contract with all carriers, we have longstanding relationships with them.

- B. Describe how the work of any subcontractor(s) will be supervised, channels of communication will be maintained and compliance with contract terms assured; and

David Welch (resume attached) manages our carrier relations in the state of Nevada. We use an order/invoice system called Advent to send electronic orders to our carriers as well as email and phone communications daily.

- C. Describe your previous experience with subcontractor(s).

All carriers listed have been working with us for many years and are in good standing with SC Fuels and our customers.

- 6.2.1.3 Vendors must describe the methodology, processes and tools utilized for:

- A. Selecting and qualifying appropriate subcontractors for the project/contract;

We are approached regularly by carriers wanting to do business. Over the years we have vetted carriers with strong financials, insurance, as well as high quality of service.

- B. Ensuring subcontractor compliance with the overall performance objectives for the project;

Carriers undergo annual review with our Operations manager at which time adjustments may be made. But every delivery is managed by David Welch and any errors are dealt with swiftly to ensure customer satisfaction.

- C. Ensuring that subcontractor deliverables meet the quality objectives of the project/contract; and

Overall ongoing communication with our carriers has kept our service rate at the highest level of quality and timeliness. We have very few incidents and incidents are dealt with swiftly. If carriers do not perform they know there are others waiting to take over.

- D. Providing proof of payment to any subcontractor(s) used for this project/contract, if requested by the State. Proposal should include a plan by which, at the State's request, the State will be notified of such payments.

SC Fuels has multiple reports that can be run to verify this information upon request.

- 6.2.1.4 Provide the same information for any proposed subcontractors as requested in ***Section 6.1, Vendor Information.***

See Attached

- 6.2.1.5 Business references as specified in ***Section 6.3, Business References*** must be provided for any proposed subcontractors.

Should have been sent directly to State

- 6.2.1.6 Vendor shall not allow any subcontractor to commence work until all insurance required of the subcontractor is provided to the vendor.

Will comply

- 6.2.1.7 Vendor must notify the using agency of the intended use of any subcontractors not identified within their original proposal and provide the information originally requested in the RFQ in ***Section 6.2, Subcontractor Information.*** The vendor must receive agency approval prior to subcontractor commencing work.

Will Comply

***Information for any proposed subcontractors
as requested in Section 6.1, Vendor Information.***
