1. **PROJECT OVERVIEW**

The State of Nevada Purchasing Division is seeking proposals from qualified vendors to provide Fire Fuel Reduction and Vegetation Services statewide. The intent of this RFQ is to qualify vendors in which agencies’ will request bids on an as needed basis from the list of qualified vendors. **The RFQ does not hold awarded vendors to any prices, nor does it obligate the State to purchase goods or services from all awarded vendors.** The purchase amount will be controlled by the individual using agencies through a purchase order submitted or specific scope of work and accepted by the vendor once an individual project has been bid and awarded.

The State may award one (1) or more contracts in conjunction with this RFQ, as determined in the best interests of the State. It is the intention of the State to award contract(s) on a statewide basis; however, proposals may be considered regionally (Northern, Southern, Rural). Vendor’s proposal must identify the geographic region(s) in which services are being offered.

This contract will be mandatory for State agencies located in geographic regions serviced by the contract. The University and Community College System, the Court System, the Legislative Counsel Bureau, and Political Subdivisions (i.e., cities, counties, school districts, etc.) may use the contract(s) resulting from this RFQ; however, they are not required to do so.

The State Purchasing Division will administer contract(s) resulting from this RFQ. The resulting contract(s) will be for an initial contract term of four (4) years, anticipated to begin April 6, 2017 subject to Board of Examiners approval, with an option to renew for two (2) additional years, if agreed upon by both parties and in the best interests of the State.

**1.1 GOALS AND OBJECTIVES**

1.1.1 All work is to be performed in a professional manner, with due diligence paid to protecting Government and private property and ensuring a safe working environment for crew members. Equipment and crews must be fully compliant with State and local employer safety and fire prevention codes and ordinances. Key personnel is required to ensure crew safety, as well as an industry accepted level of production. Routine inspections will be conducted by contracting agency to determine quality of work, production levels, and compliance with site protection requirements. Vendors will be required to have appropriate license(s) and insurance to qualify for all work in this RFQ. Copy of appropriate license(s) must be submitted with proposal. Vendors may also be required to provide a Performance Security in the form of a Surety Bond, Certificate of Deposit or Treasury Note. This requirement will be on a project by project basis, and will be in an amount up to 100% of the project total.

1.1.2 Services may include, but are not necessarily limited to:

1.1.2.1 Hand Crews
1.1.2.2 Arboricultural Work/Tree Maintenance
1.1.2.3 Burned Area Rehab
1.1.2.4 Large Tree Removal
1.1.2.5 Mechanized Logging
1.1.2.6 Pesticide Application
1.1.2.7 Seed Drills/Application
1.1.2.8 Hauling Services
1.1.2.9 Seeding
1.1.2.10 Controlled Fire
1.1.2.11 Road Construction/Maintenance/Rehabilitation

1.1.3 Each service will be evaluated separately by the Evaluation Committee. The vendor must clearly identify in Attachment H Fire Fuels Reduction and Vegetation Management Services, the service(s) that they would like to be considered for. The Evaluation Committee members will review each service independently of the others, and determine if the Vendor meets the criteria of this RFQ.

3. REQUEST FOR QUALIFICATIONS

3.1 RFQ PROCESS

The process by which proposals will be considered for a contract under this RFQ is to determine whether or not the vendor qualifies under the set of Minimum Qualifications (refer to Section 3.2). If a vendor is determined to not meet any one of the Minimum Qualifications, the proposal in its entirety will not be considered for contract. Each proposal will be reviewed independently in the Minimum Qualification section. All vendors that qualify will receive a contract.

3.2 MINIMUM QUALIFICATIONS

It is mandatory that each component listed below in the Minimum Qualifications be addressed. Failure to address each component will result in disqualification of the RFQ response. Vendors proposing to receive an award through this RFQ must provide a detailed description of their SOQ, which must include, at a minimum, the following information.

3.2.1 Vendors will be required to have appropriate license(s) and insurance to qualify for all work in this RFQ. Copy of appropriate license(s) must be submitted with proposal; and

3.2.2 Vendors may also be required to provide a Performance Security in the form of a Surety Bond, Certificate of Deposit or Treasury Note. This requirement will be on a project by project basis, and will be in an amount up to 100% of the project total.
3.3 BIDDING PROCESS

Using Agencies will utilize a bidding system on an as needed basis for each project, and the awarded vendors will be notified based on the project’s needs. *The RFQ does not hold awarded vendors to any prices, nor does it obligate the State to purchase goods or services from all awarded vendors.* The purchase amount will be controlled by the individual using agencies through a purchase order submitted to and accepted by the vendor once an individual project has been bid and awarded.

3.4 PROJECT MEETINGS FOR FIRE FUEL REDUCTION AND VEGETATION MANAGEMENT SERVICES;

3.4.1 Pre Work Conference:

3.4.1.1 A Pre-Work Conference will be held prior to the start of each project. The vendor will be notified in advance of meeting time, date and place. The purpose will be to review required work, project drawings and specifications, construction schedules, payments, and administrative provisions of the contract;

3.4.1.2 The vendor, subcontractors and the persons responsible for coordination of the work shall be present at the meeting; and

3.4.1.3 The vendor shall be prepared to summarize and explain procedures planned for the project.

4. SCOPES OF WORK

In order for vendors to qualify for any fire fuels reduction service, proposing vendors must provide evidence of the required employee knowledge and skills through experience (attach resumes and/or CV), as well as a detailed description of services in the scope of work being proposed upon. A minimum of three (3) years’ experience in each of the scopes of work being proposed is preferred.

Work is to be performed in a professional manner, with due diligence paid to protecting private property and ensuring a safe working environment for crew members. Equipment and crews must be fully compliant with State and local employer safety and fire prevention codes and ordinances. On-site crew supervision is required to ensure crew safety, as well as an industry accepted level of production. Routine inspections will be conducted to determine quality of work, production levels, and compliance with site protection requirements. Any slash or high stumps that are left will constitute an incomplete job and payment will not be approved until complete;

4.1 Forest Management Hand Crew Services Specification

4.1.1 Vendor(s) who qualify will provide skilled hand crew services to complete forest management-related work, including but not limited to:

4.1.1.1 Fuels reduction;
4.1.1.2 Tree thinning;
4.1.1.3 Wildlife habitat improvement; and
4.1.1.4 Erosion control.

4.1.2 Crews will be provided with written prescriptions that contain specifications and other pertinent information for each project;

4.1.3 Travel to worksite may require driving on narrow, winding, native surface roads for long distances. During the summer months, frequent encounters with hikers, mountain bikers, and horseback riders should be expected;

4.1.4 Crews must be able to work in difficult terrain that may include steep, rocky slopes, and areas of dense trees with large, unstable snags, poor footing and exposure to adverse weather. In addition, some work may be required in urban environments and may contain such hazards as structures, trees, power lines, and vehicles; and

4.1.5 Work includes lifting rounds of wood and segments of logs, limb wood, and brush.

4.1.6 Tree felling services will include the operation of chainsaws to complete felling, liming, lopping, bucking and brushing activities according to written prescriptions. Specifications identified below may be modified based on a specific prescription or scope of work.

4.1.6.1 Tree fellers must be able to directionally fell trees away from residual trees or objects to be protected;

4.1.6.2 Tree to be cut larger than six (6) inches in diameter may be marked with paint (color to be determined between awarded vendor and State’s designee). Trees that are less than six (6) inches in diameter may be designated by description;

4.1.6.3 Trees range in size from one (1) inch to twenty-four (24) inches DBH;

4.1.6.4 Cut trees in area not designated for firewood sales must be limbed on all sides, bucked into four (4) foot lengths and stacked for burning, depending on the prescription unless specified differently in a scope of work;

4.1.6.5 In areas designated for firewood sales, cut trees larger than eight (8) inches in diameter must be limbed on all sides, bucked into four (4) foot lengths, and stacked for removal by individuals purchasing firewood permits unless specified differently in a scope of work;
4.1.6.6 Borax will be applied to all freshly cut green evergreen tree stumps larger than ten (10) inches in diameter to prevent the spread of root disease;

4.1.6.7 Maximum stump height is six (6) inches above high ground level;

4.1.6.8 Trees that are less than six (6) inches must be cut flush with the ground; and

4.1.6.9 Typical brush species are primarily ceanothus, manzanita, oak, and chinkapin, and are mostly three (3) to six (6) feet high. Designation for brush removal is generally by description (e.g. remove fifty (50) percent of the brush) to reduce fuel continuity.

4.1.7 Disposal of cut material will be accomplished by hand piling for burning, chipping, scattering, and/or removal from site, as designated by the project manager or through a scope of work. All piles must be located so that live trees are not scorched during the burning process. Pile locations will be decided by awarded vendor and the State’s designee. Accurate recordation for hours of use and biomass produced is required.

4.1.8 Erosion control services that may be requested include routine light maintenance on roads and trails that can be done by hand, such as digging, trenching and/or removing sedimentation from drainage structures installed along park roads and trails. Other erosion control may include tilling, application of fertilizer, seeding, mulching, irrigation, and the application and establishment of erosion control materials (i.e., geotextile fabric).

4.1.9 Cost items shall be provided by the vendor to accomplish specific forestry-related tasks using the units below during the bidding process.

4.1.9.1 Service Associated with Scope

4.2.11.2 Class B: Any tree needing to be climbed, trimmed, topped and pieced out. (This job requires one (1) climber/faller and one (1) or more ground person); and

4.2.11.3 Class C: Mechanical involvement required. (e.g., Crane job – 100’ crane. This job would require two (2) or more people).

4.2.12 Appropriate signage meeting State Highway and local county jurisdiction’s requirements must be provided by awarded vendor.

4.3 Forestry Equipment Specification

4.3.1 Vendors must indicate in their response the manufacturer and model of available equipment, the capabilities of the equipment, and the operator/crews available to man the equipment.

4.3.2 Equipment to be utilized on fuels management and/or forest health and/or habitat enhancement projects that may include, but is not necessarily limited to:

4.3.2.1 Tree shears

4.3.2.2 Brush masticators and mowers – light, medium, and heavy duty

4.3.2.3 Feller bunchers

4.3.2.4 Forwarders

4.3.2.5 Cut to length operators

4.3.2.6 Heavy cranes

4.3.2.7 Wheeled skidders

4.3.2.8 Tracked skidders

4.3.2.9 Tub grinders

4.3.2.10 Chippers

4.3.2.11 Bulldozers

4.3.2.12 Lawson Aerator

4.3.3 Awarded vendor will be required to supply operator(s), equipment transport, and if applicable, water for fire suppression/dust abatement.
4.3.4 General project specifications (project specific specifications will be described in a scope of work prior to commencement of each project and may deviate from the specifications listed below):

4.3.4.1 All vegetation and slash identified for treatment shall be cut at a maximum of six (6) inches above the normal plane of ground (measured at stump height on uphill side);

4.3.4.2 No slash and other vegetative debris shall be more than twelve (12) inches deep as measured from the ground level;

4.3.4.3 No damage to crop trees as a result of contract operations is permitted;

4.3.4.4 All cut vegetation shall be kept within unit boundaries;

4.3.4.5 Any cut vegetation falling into ditches, roads, road banks, trails or adjacent units shall be removed by the end of the work day;

4.3.4.6 No masticated or cut material shall lean against or be suspended by leave trees;

4.3.4.7 Vegetation that is within two (2) feet vertical or horizontal of any obstacle such as large rocks or fences will not require treatment; and

4.3.4.8 All boles or pieces up to ten (10) inches in diameter shall be masticated.

4.3.5 Specifications for cut material (slash):

4.3.5.1 Fifty (50) percent shall be less than or equal to six (6) inches in length;

4.3.5.2 Forty (40) percent shall be less than or equal to two (2) feet in length; and

4.3.5.3 No more than ten (10) percent shall be equal to two (2) to four (4) feet in length. No slash shall exceed four (4) feet.

4.3.6 Chaining

4.3.6.1 D8 or larger tractors; The contractor will be responsible for furnishing 2 dozers capable of pulling an anchor chain assembly which is approximately 180-200 feet in overall length and weighs an estimated 22,000 to 28,500 pounds and capable of mountain seed dribblers. The dozers must be furnished with skilled and experienced operators and the necessary support. Work environment will consist of varied terrain and topographic features including hills, draws in a mountainous setting.
4.3.6.2 Government or using Agency will supply anchor chain, pigtail chains, swivels, clevices, and associated pins, seed dribblers and repair parts for all of the above. Generally contractor will be required to pick up and transport chain from a BLM office location to the identified work site.

A. Ely or smooth

4.3.6.3 One (1) way vs two (2) way chaining; Type of chaining required will be identified in the scope of work but will generally consist of either a one way chaining or 2 way chaining.

4.4 Pesticide Application Specification

4.4.1 Vendor must be compliant with NRS 555;

4.4.2 License issued by the Nevada Department of Agriculture in the appropriate pesticide category(s) prior to submitting a proposal. Questions regarding this requirement should be addressed to the Nevada Department of Agriculture at (775) 688-1180. Any response submitted by a non-licensed vendor, or vendor that has “applied for” a license, will not be accepted until license is issued. A copy of the license or the license number must be submitted with response;

4.4.3 Records, application documentation and labels must be available on site;

4.4.4 Awarded vendor must have the ability to take spot weather to determine temperature, wind speed, and relative humidity;

4.4.5 Spot, whole tree, and broadcast treatments may be required in some cases;

4.4.6 Application equipment that is carried by hand, on ATV’s, as a slide in unit on a truck, or purpose built spray equipment on specialized vehicles may be required;

4.4.7 Application equipment must be cleaned daily and must be easily operable and easily metered;

4.4.8 To prevent drift, spraying operations will be halted when sustained wind speed is greater than or equal to eight (8) mph, or when the State’s designee determines that there is the potential for drift off the project site;

4.4.9 Routine inspections will be done by a qualified State designee;

4.4.10 Mixing tanks must be equipped with portable containment systems and clean-up materials/tools;

4.4.11 Metering equipment and replacement spray nozzles must be available on project site;
4.4.12 Awarded vendor for Pesticide Application will be required to carry Pollution Liability and Pollution Legal Liability Insurance. (See Attachment E of this document for minimum requirements);

4.4.13 If preventative tree spraying is done, tank pressures need to be at least 400 pounds per square inch (psi) in order to reach the tops of some trees; and

4.4.14 Government or using Agency may or may not supply chemicals and adjuvants (including indicator dye). Government or using Agency provided provisions will be identified in a scope of work.

4.5 Seed Drills/Application Specification

4.5.1 Vendors must indicate in their response the manufacturer and model of all of the equipment that will be used, transport and operators;

4.5.2 Agricultural Seed Drills – Designed to place seed into prepared seedbeds. These drills must have multi-species capabilities that allow for the sowing of both grains and legumes and then side dressing each seed row with granular or liquid fertilizer. Agricultural seed drills must be precisely metered so that seeding rates can be calibrated for a variety of seed sizes and types. This type of drill will be used with a tractor equipped with a three point hitch. Due to the complexity and delicacy of this type of drill, use on rough or rocky ground is not acceptable;

4.5.3 No-Till Drills – Designed to place seed into untilled seed beds in agricultural and pastoral areas. In addition, no-till drills can be used in areas where native vegetation is primarily grasses, perennial and annual forbs and the occasional sub-shrub. This type of drill will be used to place multiple seed species and fertilizer. It must be capable of being used in slightly rougher terrain and somewhat rockier soils than an agricultural drill, and will be used on slopes up to four (4) to five (5) percent. Hydraulic controls must be used for this type of drill and must be set up with a three-point hitch for operation; and

4.5.4 Rangeland Drills – Designed for drilling seed on wildland sites with a variety of soil types. Minimal ground preparation is required where grasses, forbs and small shrubs are common. Plowing, crushing or chaining and/or burning may be used as a pre-treatment on sites with mature brush and/or small trees with Government or State designee approval.

4.6 Hauling Services Specification

4.6.1 Awarded vendor will drop off container on project site (roll on, roll off system);

4.6.2 Container must be capable of holding woody biomass (chipped or unchipped; but not in the same container);

4.6.3 Available container volumes should be ten (10), twenty (20), and thirty (30) cubic yards, or volume specified by State’s designee; and
4.6.4 The containers will be hauled by the awarded vendor from project sites to landfills, power plants, or biomass recycling centers on specially constructed heavy trucks.

4.6.5 Awarded vendor may be requested to remove previously cut fuel wood from a project site. Vendors should include in their response a minimum bid per cord that will be paid to the State Agency awarding the project to remove fuel wood or other by-products for commercial sale and a listing of available equipment necessary to complete this task.

4.7 **Ground Seeders/Spreaders Specification**

4.7.1 Hand and electric broadcast seeders, to consist of a hopper to contain a given volume of seed, a seed propeller that distributes seed over an area in front of the seeder, and a metering lever that provides the ability to control the rate/amount/pounds per unit volume.

4.7.2 Metering must be done by determining a set area (usually a square foot frame with square inches marked), adjusting the equipment metering levers to the prescribed seeding rate provided by the State’s designee’s resource plan, walking and cranking with a manual seeder, or by driving the electric seeder over the set area at the average speed the operator will be traveling, then counting the number of seeds found within the set area. The seeder can then be adjusted up or down to the prescribed seeding rate.

4.7.3 Hand seeders will be carried by a field worker and cranked at a steady rate, following determination of actual seeding rate and adjustment to the prescribed rate.

4.7.4 Electric seeders will be mounted on a vehicle and driven at a set speed and setting, again following a determination of actual seeding rate and adjustment to the prescribed rate.

4.7.5 Vendor may supply seeds if needed;

4.7.6 Or the seed maybe supplied by the Agency;

4.7.7 Weed free testing; and

4.7.8 Germination tests for all seed.

4.7.9 Whether the vendor or agency supplies the seeds, all seed will be tested to ensure that current government standards (federal/state) for noxious weeds and germination are met.

4.7.10 When required by the State designee’s resource plan, soil disturbances will be completed, in order to put the broadcast seed in closer contact with the soil. On small sites, this will be accomplished by raking and on larger sites by use of a harrow, tine drag or a chain link drag pulled by an ATV or similar vehicle.
4.7.11 In some cases, awarded vendor will be required to broadcast seed over snow, to allow the seed to gradually carry down through the snow pack and eventually deposit on the soil surface with a source of moisture.

4.7.12 Awarded vendor must be able to calibrate equipment to meet the prescribed seeding rate.

4.7.13 Awarded vendor must have labor available to hand rake small areas and equipment such as rakes, harrows and drags in order to put seed in good contact with the soil.

4.7.14 Awarded vendor must have a certified tree climber if requested. Vendors must indicate in their response if they have ISA certification for Tree Worker or Arborist, and detail any experience in this area. This requirement is dependent on the specific project and the area.

4.8 Shrub and Tree Planting Specification

4.8.1 May include bare root and containerized plants.

4.8.2 Survival rates will be monitored, documented and reported to the contracting agency per the scope of work.

4.9 Controlled Fire Specification

4.9.1 Crews to apply controlled fire to natural vegetation under specified conditions and after precautionary actions have been taken to ensure that the fire is confined to a predetermined area, in compliance with NRS 527.

4.9.2 Awarded vendor must be able to write a controlled fire plan. The plan must be prepared by a person qualified to oversee a controlled fire, be approved by the State Forester prior to implementation, and contain at least:

4.9.2.1 A description and map of the area to be burned;

4.9.2.2 A list of personnel and equipment necessary to commence and control fire;

4.9.2.3 A description of the meteorological factors that must be present before commencing a controlled fire, including surface wind speed and direction, transport wind speed and direction, minimum mixing height, minimum relative humidity, maximum temperature and fine fuel moisture;

4.9.2.4 A description of considerations related to common behavioral patterns of fires in the area to be burned, including various burning techniques, the anticipated length of the flame and the anticipated speed of the fire; and
4.9.2.5 The signature of the person who prepared the plan.

4.9.3 Before signing the written plan, the person qualified to oversee the fire must evaluate and approve the anticipated impact of the fire on surrounding areas which are sensitive to smoke (NRS 527.128).

4.9.4 A direct supervisor, who is qualified to oversee such fires and crews, must remain on site for the duration of the fire.

4.9.5 Vendors must indicate in their response whether their personnel are NWCG qualified for prescribed fire positions, and must provide documentation to show qualifications with their response.

4.10 Road Construction/Maintenance/Rehabilitation Specification

4.10.1 Vendors must indicate in their response the manufacturer and model of available equipment necessary to complete this work, the capabilities of the equipment, and the operator/crews available to man the equipment as they pertain to the specifications of this scope of work.

4.10.2 Road construction activities may include, but are not necessarily limited to:

4.10.2.1 Road blazing;

4.10.2.2 Grading;

4.10.2.3 Backhoe/Track Hoe work;

4.10.2.4 Rock removal;

4.10.2.5 Tree removal;

4.10.2.6 Cut and fill work;

4.10.2.7 Skid trail construction;

4.10.2.8 Installation of drainage structures such as, but not limited to:

A. Culverts, bar ditches

B. Rolling dips

C. Trench drains

D. Tile drains

E. Erosion control barriers and structures

F. Temporary drainage crossings
4.10.2.9 Existing road and skid trail maintenance; and

4.10.2.10 Skid road rehabilitation following project conclusion.

4.10.3 Vendors must have a familiarity with drainage fabrics and geotextiles. Vendors must include in their response, detailed experience in comparable projects.

4.11 Additional Requirements

4.11.1 Vendors need to be aware that due to wildlife and special resource concerns, or special events, a temporary delay in authorization to proceed may result.

4.11.2 At awarded vendor’s expense, all vehicles entering any critical habitats must be extensively cleaned (primarily the undercarriage) prior to entry to prevent the spread of invasive species.

4.11.3 The awarded vendor must agree to avoid impacts to historic and prehistoric sites as defined under NRS 381.195. Avoidance means that no ground disturbing activities associated with the project will affect historic and prehistoric sites during construction. The State’s designee will flag the boundaries of historic and prehistoric sites to be avoided within the project area and present this information to the vendor in the field. The awarded vendor will be responsible for communicating avoidance requirements to heavy equipment operators, subcontractors and any of its personnel working in the vicinity. Any impacts to cultural resources within the flagged boundaries associated with the project, whether purposeful or inadvertent, are not acceptable and the State may require the awarded contractor to pay for the recordation, stabilization or data recovery at the site. The State may consider a contractor’s affects to historic and prehistoric sites as disqualifying factors in future RFQs. In the event that historic or prehistoric resources are discovered, contractor will cease work immediately and contact the State’s designee.

4.11.4 The awarded vendor(s) shall ensure that all its personnel and the personnel of any of its subcontractors are directed not to engage in the illegal collection of historic and prehistoric materials.

4.11.5 The awarded vendor shall call law enforcement if any suspected human remains are encountered in the project area.

5. COMPANY BACKGROUND AND REFERENCES

5.1 VENDOR INFORMATION

5.1.1 Vendors must provide a company profile in the table format below.

5.1.8 Vendors must review the insurance requirements specified in *Attachment E, Insurance Schedule for RFQ 3282*. Does your organization currently have or will your organization be able to provide the insurance requirements as specified in *Attachment E*.

![Yes | No](image)

Any exceptions and/or assumptions to the insurance requirements **must** be identified on *Attachment B, Technical Certification of Compliance with Terms and Conditions of RFQ*. Exceptions and/or assumptions will be taken into consideration as part of the evaluation process; however, vendors must be specific. If vendors do not specify any exceptions and/or assumptions at time of their RFQ response submission, the State will not consider any additional exceptions and/or assumptions during negotiations.

Upon contract award, the successful vendor **must** provide the Certificate of Insurance identifying the coverages as specified in *Attachment E, Insurance Schedule for RFQ 3282*.

5.1.9 Company background/history and why vendor is qualified to provide the services described in this RFQ. Limit response to no more than five (5) pages.

5.1.10 Length of time vendor has been providing services described in this RFQ to the public and/or private sector. Please provide a brief description.

5.1.11 Financial information and documentation to be included in Part III, Confidential Financial Information of vendor’s response in accordance with Section 10.5, Part III – Confidential Financial Information.

5.1.11.1 Dun and Bradstreet Number

5.1.11.2 Federal Tax Identification Number

5.2 **SUBCONTRACTOR INFORMATION**

5.2.1 Does this RFQ response include the use of subcontractors?

![Yes | No](image)

If “Yes”, vendor must:

5.2.1.1 Identify specific subcontractors and the specific requirements of this RFQ for which each proposed subcontractor will perform services.
5.2.1.2 If any tasks are to be completed by subcontractor(s), vendors must:

A. Describe the relevant contractual arrangements;

B. Describe how the work of any subcontractor(s) will be supervised, channels of communication will be maintained and compliance with contract terms assured; and

C. Describe your previous experience with subcontractor(s).

5.2.1.3 Vendors must describe the methodology, processes and tools utilized for:

A. Selecting and qualifying appropriate subcontractors for the project/contract;

B. Ensuring subcontractor compliance with the overall performance objectives for the project; and

C. Ensuring that subcontractor deliverables meet the quality objectives of the project/contract; and

D. Providing proof of payment to any subcontractor(s) used for this project/contract, if requested by the State. Proposal should include a plan by which, at the State’s request, the State will be notified of such payments.

5.2.1.4 Provide the same information for any proposed subcontractors as requested in Section 5.1, Vendor Information.

5.2.1.5 Business references as specified in Section 5.3, Business References must be provided for any proposed subcontractors.

5.2.1.6 Vendor shall not allow any subcontractor to commence work until all insurance required of the subcontractor is provided to the vendor.

5.2.1.7 Vendor must notify the using agency of the intended use of any subcontractors not identified within their original proposal and provide the information originally requested in the RFQ in Section 5.2, Subcontractor Information. The vendor must receive agency approval prior to subcontractor commencing work.

5.3 BUSINESS REFERENCES

5.3.1 Vendors should provide a minimum of three (3) business references from similar projects performed for private, state and/or large local government clients within the last three (3) years.
5.3.2 Vendors must provide the following information for **every** business reference provided by the vendor and/or subcontractor:

The “Company Name” must be the name of the proposing vendor or the vendor’s proposed subcontractor.

5.3.3 Vendors must also submit *Attachment F, Reference Questionnaire* to the business references that are identified in *Section 5.3.2*. 
5.3.4 The company identified as the business references must submit the Reference Questionnaire directly to the Purchasing Division.

5.3.5 It is the vendor’s responsibility to ensure that completed forms are received by the Purchasing Division on or before the deadline as specified in Section 9, RFQ Timeline for inclusion in the evaluation process. Reference Questionnaires not received, or not complete, may adversely affect the vendor’s score in the evaluation process.

5.3.6 The State reserves the right to contact and verify any and all references listed regarding the quality and degree of satisfaction for such performance.

5.4 VENDOR STAFF RESUMES

A resume must be completed for each proposed key personnel responsible for performance under any contract resulting from this RFQ per Attachment G, Proposed Staff Resume.

6. COST

6.1 Cost items shall be provided by the vendor to accomplish specific forestry-related tasks on an as needed base during the bidding process.

7. FINANCIAL

7.1 PAYMENT

7.1.1 Upon review and acceptance by the State, payments for invoices are normally made within 30 days of receipt, providing all required information, documents and/or attachments have been received.

7.1.2 Pursuant to NRS 227.185 and NRS 333.450, the State shall pay claims for supplies, materials, equipment and services purchased under the provisions of this RFQ electronically, unless determined by the State Controller that the electronic payment would cause the payee to suffer undue hardship or extreme inconvenience.

7.2 BILLING

7.2.1 The State does not issue payment prior to receipt of goods or services.

7.2.2 The vendor must bill the State as outlined in the approved contract and/or payment schedule.

8. WRITTEN QUESTIONS AND ANSWERS

The Purchasing Division will accept questions and/or comments in writing regarding this RFQ as noted below:

8.1 QUESTIONS AND ANSWERS
8.1.1 The RFQ Question Submittal Form is located on the Services RFP/RFQ Opportunities webpage at http://purchasing.state.nv.us/services/sdocs.htm. Select this RFQ number and the “Question” link.

8.1.2 The deadline for submitting questions is as specified in Section 9, RFQ Timeline.

8.1.3 All questions and/or comments will be addressed in writing and responses emailed or faxed to prospective vendors on or about the date specified in Section 9, RFQ Timeline.

9. RFQ TIMELINE

The following represents the proposed timeline for this project. All times stated are Pacific Time (PT). These dates represent a tentative schedule of events. The State reserves the right to modify these dates at any time.

10. RFQ RESPONSE SUBMISSION REQUIREMENTS, FORMAT AND CONTENT

10.1 GENERAL SUBMISSION REQUIREMENTS

Vendors’ RFQ responses must be packaged and submitted in counterparts; therefore, vendors must pay close attention to the submission requirements. RFQ responses will have a technical response, which may be composed of two (2) parts in the event a vendor determines that a portion of their technical response qualifies as “confidential” as defined within Section 2, Acronyms/Definitions.

If complete responses cannot be provided without referencing confidential information, such confidential information must be provided in accordance with Section 10.3, Part I B – Confidential Technical and Section 10.5, Part III Confidential Financial Information. Specific references made to the tab, page, section and/or paragraph where the confidential information can be located must be identified on Attachment A, Confidentiality and Certification of Indemnification and comply with the requirements stated in Section 10.6, Confidentiality of RFQ Response.
The required CDs must contain information as specified in Section 10.6.4.

Detailed instructions on RFQ response submission and packaging follows and vendors must submit their responses as identified in the following sections. Proposals and CDs that do not comply with the following requirements may be deemed non-responsive and rejected at the State’s discretion.

10.1.1 All information is to be completed as requested.

10.1.2 Each section within the RFQ response must be separated by clearly marked tabs with the appropriate section number and title as specified in the following sections.

10.1.3 Although it is a public opening, only the names of the vendors submitting RFQ responses will be announced per NRS 333.335(6). Technical details about the responses submitted will not be disclosed. Assistance for handicapped, blind or hearing-impaired persons who wish to attend the RFQ opening is available. If special arrangements are necessary, please notify the Purchasing Division designee as soon as possible and at least two (2) days in advance of the opening.

10.1.4 If discrepancies are found between two (2) or more copies of the RFQ response, the master copy will provide the basis for resolving such discrepancies. If one (1) copy of the RFQ response is not clearly marked “MASTER,” the State may reject the response. However, the State may at its sole option, select one (1) copy to be used as the master.

10.1.5 For ease of evaluation, the RFQ response must be presented in a format that corresponds to and references sections outlined within this RFQ and must be presented in the same order. Written responses must be placed immediately following the applicable RFQ question, statement and/or section and must be presented in a style/format that is easily distinguishable from RFQ language. Exceptions/assumptions to this may be considered during the evaluation process.

10.1.6 RFQ responses are to be prepared in such a way as to provide a straightforward, concise delineation of capabilities to satisfy the requirements of this RFQ. Expensive bindings, colored displays, promotional materials, etc., are not necessary or desired. Emphasis should be concentrated on conformance to the RFQ instructions, responsiveness to the RFQ requirements, and on completeness and clarity of content.

Unnecessarily elaborate responses beyond what is sufficient to present a complete and effective response to this RFQ are not desired and may be construed as an indication of the proposer’s lack of environmental and cost consciousness. Unless specifically requested in this RFQ, elaborate artwork, corporate brochures, lengthy narratives, expensive paper, specialized binding, and other extraneous presentation materials are neither necessary nor desired.
The State of Nevada, in its continuing efforts to reduce solid waste and to further recycling efforts requests that responses, to the extent possible and practical:

10.1.6.1 Be submitted on recycled paper;

10.1.6.2 Not include pages of unnecessary advertising;

10.1.6.3 Be printed on both sides of each sheet of paper; and

10.1.6.4 Be contained in re-usable binders rather than with spiral or glued bindings.

10.1.7 For purposes of addressing questions concerning this RFQ, the sole contact will be the Purchasing Division as specified on Page 1 of this RFQ. Upon issuance of this RFQ, other employees and representatives of the agencies identified in the RFQ will not answer questions or otherwise discuss the contents of this RFQ with any prospective vendors or their representatives. Failure to observe this restriction may result in disqualification of any subsequent RFQ response per NAC 333.155(3). This restriction does not preclude discussions between affected parties for the purpose of conducting business unrelated to this procurement.

10.1.8 Any vendor who believes the requirements or specifications are unnecessarily restrictive or limit competition may submit a request for administrative review, in writing, to the Purchasing Division. To be considered, a request for review must be received no later than the deadline for submission of questions.

The Purchasing Division shall promptly respond in writing to each written review request, and where appropriate, issue all revisions, substitutions or clarifications through a written amendment to the RFQ.

Administrative review of technical or contractual requirements shall include the reason for the request, supported by factual information, and any proposed changes to the requirements.

10.1.9 If a vendor changes any material RFQ language, vendor’s response may be deemed non-responsive per NRS 333.311.

10.2 PART I A – TECHNICAL STATEMENT OF QUALIFICATIONS (SOQ)

10.2.1 The technical SOQ must include:

10.2.1.1 One (1) original marked “MASTER”; and
10.2.1.2 Five (5) identical copies.

10.2.2 The technical SOQ must not include confidential technical information (refer to Section 10.3, Part I B, Confidential Technical SOQ).

10.2.3 Format and Content
10.2.3.1 Tab I – Title Page

The title page must include the following:

</tr>
</tbody>
</table>
10.4.2.2 Tab II – Financial Information and Documentation

Vendors must place the information required per Section 5.1.11 in this tab.

10.5 CONFIDENTIALITY OF SOQS

10.5.1 As a potential contractor of a public entity, vendors are advised that full disclosure is required by law.

10.5.2 Vendors are required to submit written documentation in accordance with Attachment A, Confidentiality and Certification of Indemnification demonstrating the material within the RFQ response marked “confidential” conforms to NRS §333.333, which states “Only specific parts of the RFQ response may be labeled a “trade secret” as defined in NRS §600A.030(5)”. Not conforming to these requirements will cause your RFQ response to be deemed non-compliant and will not be accepted by the State of Nevada.

10.5.3 Vendors acknowledge that material not marked as “confidential” will become public record upon contract award.

10.5.4 The required CDs must contain the following:

10.5.4.1 One (1) “Master” CD with an exact duplicate of the technical.
   A. The electronic files must follow the format and content section for the technical.

10.5.4.2 One (1) “Public Records CD” with the technical.
   A. This CD must not contain any confidential or proprietary information.
   B. All electronic files must be saved in “PDF” format.
   C. The CD must be packaged in a case and clearly labeled as follows:

<table>
<thead>
<tr>
<th>Public Records CD</th>
</tr>
</thead>
<tbody>
<tr>
<td>RFQ: 3282</td>
</tr>
<tr>
<td>Vendor Name:</td>
</tr>
<tr>
<td>Contents: Part IA – Technical SOQ for Public Records Request</td>
</tr>
</tbody>
</table>
10.5.5 The Public Records submitted on the CD will be posted to the Purchasing Website upon the Notice of Award.

10.5.6 It is the vendor’s responsibility to act in protection of the labeled information and agree to defend and indemnify the State of Nevada for honoring such designation.

10.5.7 Failure to label any information that is released by the State shall constitute a complete waiver of any and all claims for damages caused by release of said information.

10.6 RFQ RESPONSE PACKAGING

10.6.1 If the separately sealed technical and confidential technical information and financial documentation, marked as required, are enclosed in another container for mailing purposes, the outermost container must fully describe the contents of the package and be clearly marked as follows:

10.6.2 Vendors are encouraged to utilize the copy/paste feature of word processing software to replicate these labels for ease and accuracy of RFQ response packaging.

| Nancy Feser |
| State of Nevada, Purchasing Division |

| Carson City, NV  89701 |
| RFQ: | 3282 |
| OPENING DATE: | February 7, 2017 |
| OPENING TIME: | 2:00 PM |
| FOR: | Fire Fuels Reduction & Vegetation Management |
| VENDOR’S NAME: | |

10.6.3 RFQ responses must be received at the address referenced below no later than the date and time specified in Section 9, RFQ Timeline. RFQ responses that do not arrive by the scheduled opening date and time will not be accepted. Vendors may submit their RFQ response any time prior to the above stated deadline.

10.6.4 The State will not be held responsible for RFQ response envelopes mishandled as a result of the envelope not being properly prepared. Facsimile, e-mail or telephone responses will NOT be considered; however, at the State’s discretion, the RFQ response may be submitted all or in part on electronic media, as requested within the RFQ document. RFQ responses may be modified by facsimile, e-mail or written notice provided such notice is received prior to the scheduled opening date and time.

10.6.5 The technical SOQ shall be submitted to the State in a sealed package and be clearly marked as follows:
If applicable, confidential technical information shall be submitted to the State in a sealed package and be clearly marked as follows:

Confidential financial information shall be submitted to the State in a sealed package and be clearly marked as follows:

The CDs shall be submitted to the State in a sealed package and be clearly marked as follows:
11. RFQ RESPONSE EVALUATION AND AWARD PROCESS

The information in this section does not need to be returned with the vendor’s response.

11.1 General Minimum Qualifications shall be evaluated on a pass/fail basis. Only vendors who meet the General Minimum Qualifications will have their Technical SOQs considered.

11.2 Technical SOQs shall be consistently evaluated and scored in accordance with NRS §333.335 based upon the following criteria listed below:

11.2.1 Demonstrated competence
11.2.2 Experience in performance of comparable engagements
11.2.3 Conformance with the terms of this RFQ
11.2.4 Expertise and availability of key personnel

Note: Financial stability will be scored on a pass/fail basis.

RFQ responses shall be kept confidential until a contract is awarded.

11.3 The State may also contact the references provided in response to Section 4.3, Business References; contact any vendor to clarify any response; contact any current users of a vendor’s services; solicit information from any available source concerning any aspect of an RFQ response; and seek and review any other information deemed pertinent to the evaluation process.

11.4 Each vendor must include in its RFQ response a complete disclosure of any alleged significant prior or ongoing contract failures, contract breaches, any civil or criminal litigation or investigations pending which involves the vendor or in which the vendor has been judged guilty or liable. Failure to comply with the terms of this provision may disqualify any RFQ response. The State reserves the right to reject any RFQ response based upon the vendor’s prior history with the State or with any other party, which documents, without limitation, unsatisfactory performance, adversarial or contentious demeanor, significant failure(s) to meet contract milestones or other contractual failures. See generally, NRS 333.335.

11.5 Clarification discussions may, at the State’s sole option, be conducted with vendors who submit RFQ responses determined to be acceptable and competitive per NAC 333.165. Vendors shall be accorded fair and equal treatment with respect to any opportunity for discussion and/or written revisions of RFQ responses. Such revisions may be permitted after submissions and prior to award for the purpose of obtaining best and final offers. In conducting discussions, there shall be no disclosure of any information derived from RFQ
responses submitted by competing vendors. Any modifications made to the original RFQ response during the best and final negotiations will be included as part of the contract.

11.6 A Notification of Intent to Award shall be issued in accordance with NAC 333.170. Any award is contingent upon the successful negotiation of final contract terms and upon approval of the Board of Examiners, when required. Negotiations shall be confidential and not subject to disclosure to competing vendors unless and until an agreement is reached. If contract negotiations cannot be concluded successfully, the State upon written notice to all vendors may negotiate a contract with the next highest scoring vendor or withdraw the RFQ.

11.7 Any contract resulting from this RFQ shall not be effective unless and until approved by the Nevada State Board of Examiners (NRS 284.173).

12. TERMS AND CONDITIONS

12.1 PROCUREMENT AND SOQ TERMS AND CONDITIONS

The information in this section does not need to be returned with the vendor’s RFQ response. However, if vendors have any exceptions and/or assumptions to any of the terms and conditions in this section, they MUST identify in detail their exceptions and/or assumptions on Attachment B, Technical Certification of Compliance. In order for any exceptions and/or assumptions to be considered they MUST be documented in Attachment B. The State will not accept additional exceptions and/or assumptions if submitted after the proposal submission deadline.

12.1.1 This procurement is being conducted in accordance with NRS Chapter 333 and NAC Chapter 333.

12.1.2 The State reserves the right to alter, amend, or modify any provisions of this RFQ, or to withdraw this RFQ, at any time prior to the award of a contract pursuant hereto, if it is in the best interest of the State to do so.

12.1.3 The State reserves the right to waive informalities and minor irregularities in RFQ responses received.

12.1.4 For ease of responding to the RFQ, vendors are encouraged to download the RFQ from the Purchasing Division’s website at http://purchasing.state.nv.us.

12.1.5 The failure to separately package and clearly mark Part I B and Part III – which contains confidential information, trade secrets and/or proprietary information, shall constitute a complete waiver of any and all claims for damages caused by release of the information by the State.

12.1.6 RFQ responses must include any and all proposed terms and conditions, including, without limitation, written warranties, maintenance/service agreements, license agreements and lease purchase agreements. The omission of these documents renders an RFQ response non-responsive.
12.1.7 The State reserves the right to reject any or all RFQ responses received prior to contract award (NRS 333.350).

12.1.8 Any irregularities or lack of clarity in the RFQ should be brought to the Purchasing Division designee’s attention as soon as possible so that corrective addenda may be furnished to prospective vendors.

12.1.9 Descriptions on how any and all services and/or equipment will be used to meet the requirements of this RFQ shall be given, in detail, along with any additional informational documents that are appropriately marked.

12.1.10 Alterations, modifications or variations to a RFQ response may not be considered unless authorized by the RFQ or by addendum or amendment.

12.1.11 RFQ responses which appear unrealistic in the terms of technical commitments, lack of technical competence, or are indicative of failure to comprehend the complexity and risk of this contract, may be rejected.

12.1.12 RFQ responses from employees of the State of Nevada will be considered in as much as they do not conflict with the State Administrative Manual, NRS Chapter 281 and NRS Chapter 284.

12.1.13 Proposals may be withdrawn by written or facsimile notice received prior to the proposal opening time. Withdrawals received after the proposal opening time will not be considered except as authorized by NRS 333.350(3).

12.1.14 The State is not liable for any costs incurred by vendors prior to entering into a formal contract. Costs of developing the RFQ response or any other such expenses incurred by the vendor in responding to the RFQ, are entirely the responsibility of the vendor, and shall not be reimbursed in any manner by the State.

12.1.15 RFQ responses submitted per the submission requirements become the property of the State, selection or rejection does not affect this right; RFQ responses will be returned only at the State’s option and at the vendor’s request and expense. The masters of the technical SOQ, confidential technical SOQ and confidential financial information of each response shall be retained for official files.

12.1.16 The Nevada Attorney General will not render any type of legal opinion regarding this transaction.

12.1.17 Any unsuccessful vendor may file an appeal in strict compliance with NRS 333.370 and Chapter 333 of the Nevada Administrative Code.

12.2 CONTRACT TERMS AND CONDITIONS

The information in this section does not need to be returned with the vendor’s RFQ response. However, if vendors have any exceptions and/or assumptions to any of the terms and conditions in this section, they MUST identify in detail their exceptions and/or
assumptions on *Attachment B, Technical Certification of Compliance*. In order for any exceptions and/or assumptions to be considered they MUST be documented in *Attachment B*. The State will not accept additional exceptions and/or assumptions if submitted after the submission deadline.

12.2.1 The awarded vendor will be the sole point of contract responsibility. The State will look solely to the awarded vendor for the performance of all contractual obligations which may result from an award based on this RFQ, and the awarded vendor shall not be relieved for the non-performance of any or all subcontractors.

12.2.2 The awarded vendor must maintain, for the duration of its contract, insurance coverages as set forth in the Insurance Schedule of the contract form appended to this RFQ. Work on the contract shall not begin until after the awarded vendor has submitted acceptable evidence of the required insurance coverages. Failure to maintain any required insurance coverage or acceptable alternative method of insurance will be deemed a breach of contract.

12.2.3 The State will not be liable for Federal, State, or Local excise taxes per NRS 372.325.

12.2.4 *Attachment B* of this RFQ shall constitute an agreement to all terms and conditions specified in the RFQ, except such terms and conditions that the vendor expressly excludes. Exceptions and assumptions will be taken into consideration as part of the evaluation process; however, vendors must be specific. If vendors do not specify any exceptions and/or assumptions at time of proposal submission, the State will not consider any additional exceptions and/or assumptions during negotiations.

12.2.5 The State reserves the right to negotiate final contract terms with any vendor selected per NAC 333.170. The contract between the parties will consist of the RFQ together with any modifications thereto, and the awarded vendor’s response, together with any modifications and clarifications thereto that are submitted at the request of the State during the evaluation and negotiation process. In the event of any conflict or contradiction between or among these documents, the documents shall control in the following order of precedence: The final executed contract, any modifications and clarifications to the awarded vendor’s RFQ response, the RFQ, and the awarded vendor’s response. Specific exceptions to this general rule may be noted in the final executed contract. “The State will not indemnify Bidder/Contractor from any liability or damages, including but not limited to attorneys’ fees and costs, arising under any contract resulting from this bid/proposal.”

12.2.6 Local governments (as defined in NRS 332.015) are intended third party beneficiaries of any contract resulting from this RFQ and any local government may join or use any contract resulting from this RFQ subject to all terms and conditions thereof pursuant to NRS 332.195. The State is not liable for the obligations of any local government which joins or uses any contract resulting from this RFQ.
12.2.7 Any person who requests or receives a Federal contract, grant, loan or cooperative agreement shall file with the using agency a certification that the person making the declaration has not made, and will not make, any payment prohibited by subsection (a) of 31 U.S.C. 1352.

12.2.8 Pursuant to NRS 613 in connection with the performance of work under this contract, the contractor agrees not to discriminate against any employee or applicant for employment because of race, creed, color, national origin, sex, sexual orientation or age, including, without limitation, with regard to employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including, without limitation apprenticeship.

The contractor further agrees to insert this provision in all subcontracts, hereunder, except subcontracts for standard commercial supplies or raw materials.

12.3 PROJECT TERMS AND CONDITIONS

The information in this section does not need to be returned with the vendor’s RFQ response. However, if vendors have any exceptions and/or assumptions to any of the terms and conditions in this section, they MUST identify in detail their exceptions and/or assumptions on Attachment B, Technical Certification of Compliance. In order for any exceptions and/or assumptions to be considered they MUST be documented in Attachment B. The State will not accept additional exceptions and/or assumptions if submitted after the submission deadline.

12.3.1 Award of Related Contracts

12.3.1.1 The State may undertake or award supplemental contracts for work related to this project or any portion thereof. The contractor shall be bound to cooperate fully with such other contractors and the State in all cases.

12.3.1.2 All subcontractors shall be required to abide by this provision as a condition of the contract between the subcontractor and the prime contractor.

12.3.2 Products and/or Alternatives

12.3.2.1 The vendor shall not propose an alternative that would require the State to acquire hardware or software or change processes in order to function properly on the vendor’s system unless vendor included a clear description of such proposed alternatives and clearly mark any descriptive material to show the proposed alternative.

12.3.2.2 An acceptable alternative is one the State considers satisfactory in meeting the requirements of this RFQ.
12.3.2.3 The State, at its sole discretion, will determine if the proposed alternative meets the intent of the original RFQ requirement.

12.3.3 State Owned Property

The awarded vendor shall be responsible for the proper custody and care of any State owned property furnished by the State for use in connection with the performance of the contract and will reimburse the State for any loss or damage.

12.3.4 Inspection/Acceptance of Work

12.3.4.1 It is expressly understood and agreed all work done by the contractor shall be subject to inspection and acceptance by the State.

12.3.4.2 Any progress inspections and approval by the State of any item of work shall not forfeit the right of the State to require the correction of any faulty workmanship or material at any time during the course of the work and warranty period thereafter, although previously approved by oversight.

12.3.4.3 Nothing contained herein shall relieve the contractor of the responsibility for proper installation and maintenance of the work, materials and equipment required under the terms of the contract until all work has been completed and accepted by the State.

12.3.5 Travel

If travel is required, the following processes must be followed:

12.3.5.1 All travel must be approved in writing in advance by the Department.

12.3.5.2 Requests for reimbursement of travel expenses must be submitted on the State Claim for Travel Expense Form with original receipts for all expenses.

12.3.5.3 The travel expense form, with original signatures, must be submitted with the vendor’s invoice.

12.3.5.4 Vendor will be reimbursed travel expenses and per diem at the rates allowed for State employees at the time travel occurs.

12.3.5.5 The State is not responsible for payment of any premium, deductible or assessments on insurance policies purchased by vendor for a rental vehicle.

12.3.6 Completion of Work
Prior to completion of all work, the contractor shall remove from the premises all equipment and materials belonging to the contractor. Upon completion of the work, the contractor shall leave the site in a clean and neat condition satisfactory to the State.

12.3.7 Right to Publish

12.3.7.1 All requests for the publication or release of any information pertaining to this RFQ and any subsequent contract must be in writing and sent to the Jeff Haag, Department of Administration, Purchasing Division or designee.

12.3.7.2 No announcement concerning the award of a contract as a result of this RFQ can be made without prior written approval of the Jeff Haag, Department of Administration, Purchasing Division or designee.

12.3.7.3 As a result of the selection of the contractor to supply the requested services, the State is neither endorsing nor suggesting the contractor is the best or only solution.

12.3.7.4 The contractor shall not use, in its external advertising, marketing programs, or other promotional efforts, any data, pictures or other representation of any State facility, except with the specific advance written authorization of the Jeff Haag, Department of Administration, Purchasing Division or designee.

12.3.7.5 Throughout the term of the contract, the contractor must secure the written approval of the State per Section 12.3.7.2 prior to the release of any information pertaining to work or activities covered by the contract.
### 13. SUBMISSION CHECKLIST

This checklist is provided for vendor’s convenience only and identifies documents that must be submitted with each package in order to be considered responsive. Any RFQ response received without these requisite documents may be deemed non-responsive and not considered for contract award.

Submitted proposals, which are marked “confidential” in their entirety, or those in which a significant portion of the submitted proposal is marked “confidential” will not be accepted by the State of Nevada. Pursuant to NRS 333.333, only specific parts of the proposal may be labeled a “trade secret” as defined in NRS 600A.030(5). All proposals are confidential until the contract is awarded; at which time, both successful and unsuccessful vendors’ technical and cost proposals become public information.

In accordance with the Submittal Instructions of this RFQ, vendors are requested to submit confidential information in separate binders marked “Part I B Confidential Technical” and “Part III Confidential Financial”.

The State will not be responsible for any information contained within the proposal. Should vendors not comply with the labeling and packing requirements, proposals will be released as submitted. In the event a governing board acts as the final authority, there may be public discussion regarding the submitted proposals that will be in an open meeting format, the proposals will remain confidential.

By signing below, I understand it is my responsibility as the vendor to act in protection of the labeled information and agree to defend and indemnify the State of Nevada for honoring such designation. I duly realize failure to so act will constitute a complete waiver and all submitted information will become public information; additionally, failure to label any information that is released by the State shall constitute a complete waiver of any and all claims for damages caused by the release of the information.

This proposal contains Confidential Information, Trade Secrets and/or Proprietary information as defined in Section 2 “ACRONYMS/DEFINITIONS.”

ATTACHMENT C – VENDOR CERTIFICATIONS

Vendor agrees and will comply with the following:

(1) Any and all prices that may be charged under the terms of the contract do not and will not violate any existing federal, State or municipal laws or regulations concerning discrimination and/or price fixing. The vendor agrees to indemnify, exonerate and hold the State harmless from liability for any such violation now and throughout the term of the contract.

(2) All proposed capabilities can be demonstrated by the vendor.

(3) The price(s) and amount of this proposal have been arrived at independently and without consultation, communication, agreement or disclosure with or to any other contractor, vendor or potential vendor.

(4) All proposal terms, including prices, will remain in effect for a minimum of 180 days after the proposal due date. In the case of the awarded vendor, all proposal terms, including prices, will remain in effect throughout the contract negotiation process.

(5) No attempt has been made at any time to induce any firm or person to refrain from proposing or to submit a proposal higher than this proposal, or to submit any intentionally high or noncompetitive proposal. All proposals must be made in good faith and without collusion.

(6) All conditions and provisions of this RFQ are deemed to be accepted by the vendor and incorporated by reference in the proposal, except such conditions and provisions that the vendor expressly excludes in the proposal. Any exclusion must be in writing and included in the proposal at the time of submission.

(7) Each vendor must disclose any existing or potential conflict of interest relative to the performance of the contractual services resulting from this RFQ. Any such relationship that might be perceived or represented as a conflict should be disclosed. By submitting a proposal in response to this RFQ, vendors affirm that they have not given, nor intend to give at any time hereafter, any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor, or service to a public servant or any employee or representative of same, in connection with this procurement. Any attempt to intentionally or unintentionally conceal or obfuscate a conflict of interest will automatically result in the disqualification of a vendor’s proposal. An award will not be made where a conflict of interest exists. The State will determine whether a conflict of interest exists and whether it may reflect negatively on the State’s selection of a vendor. The State reserves the right to disqualify any vendor on the grounds of actual or apparent conflict of interest.

(8) All employees assigned to the project are authorized to work in this country.

ATTACHMENT I – CERTIFICATION REGARDING LOBBYING

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federally appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, “Disclosure of Lobbying Activities,” in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all sub awards at all tiers (including subcontracts, sub grants, and contracts under grants, loans, and cooperative agreements) and that all sub recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.
