6.10.1 In addition to the rights reserved in the Contract, the County may terminate the Contract in whole or in part due to the failure of the Contractor to comply with any term or condition of the Contract, to acquire and maintain all required insurance policies, bonds, licenses and permits, or to make satisfactory progress in performing the Contract. The Procurement Officer shall provide written notice of the termination and the reasons for it to the Contractor.

6.10.2 The County may, upon termination of this Contract, procure, on terms and in the manner that it deems appropriate, materials or services to replace those under this Contract.

If additional services and/or products are required from this Contract, prices for such additions will be negotiated between the Contractor and the County.

6.15 RELATIONSHIPS:

If at any time it is determined by the County that a cost for which payment has been made is a disallowed cost, the County shall notify the Contractor in writing of the disallowance. The course of action to address the disallowance shall be at sole discretion of the County, and may include either an adjustment to future claim submitted by the Contractor by the amount of the disallowance, or to require reimbursement forthwith of the disallowed amount by the Contractor by issuing a check payable to Maricopa County.

6.19 AUDIT DISALLOWANCES:

6.19.1 If at any time, County determines that a cost for which payment has been made is a disallowed cost, such as overpayment, County shall notify the Contractor in writing of the disallowance. Within ten (10) days of receipt of any objections, the arbitrator(s) shall pass upon the objections and prepare a signed award or other final disposition and mail copies to all parties or their counsel.

6.20.3 Any party which has appeared and participated in good faith in the arbitration proceedings may appeal from the award or other final disposition by filing an action in the state or federal court sitting in Maricopa County within twenty (20) days after date of the award or other final disposition. Unless such action is dismissed for failure to prosecute, such action will make the award or other final disposition of the arbitrator(s) a nullity.

EXHIBIT B
SCOPE OF WORK

Maricopa County (herein "Lead Public Agency" on behalf of itself and all states, local governments, school districts, and higher education institutions in the United States of America, and other government agencies and nonprofit organizations (herein "Participating Public Agencies") has entered into a Master Agreement for a complete line of "Maintenance, Repair and Operating(MRO) Supplies and Industrial Supplies in a Retail and Wholesale (internet) environment; and Related Products and Services (installation, repair and renovation) (herein "Products and Services")

Foreword

Home Depot U.S.A., Inc. ("Home Depot") understands Maricopa County's ("Lead Public Agency") continued need to reduce its overall costs and intent to enter into a new Master Agreement for a complete line of "Maintenance, Repair and Operating (MRO) Supplies and Industrial Supplies in a Retail and Wholesale environment; and Related Products and Services (installation, repair and renovation). Home Depot, through our strong national presence providing access to a vast array of supplies and equipment necessary for maintenance and repair in residential, commercial and industrial environments for use by various government agencies nationwide, is proposing through this submittal support for the retail environment aspect of the solicitation; consistent with the six years of successful performance under the prior MRO retail agreement between the parties.

Executive Summary

Home Depot, building on successes associated with the cost savings to Participating Public Agencies under our previous MRO agreement with the Lead Public Agency and our nationwide retail presence, is pleased to propose a plan herein to supply maintenance, repair, and operations (MRO) supplies to all Participating Public Agencies. Our plan, consistent with the previously awarded MRO Agreement 05091 provides all Participating Public Agencies access to an un-paralleled inventory of MRO, building materials and hardware items – including associated installation, repair and renovation services. Professional building and maintenance people will be able to conveniently meet their needs for building hardware from a local Home Depot retail store, and plan procurements from the www.homedepot.com web site which displays and distributes many of the products found in our stores. In addition, our nationwide outside sales team can help facilitate supporting the needs of the Professional building and maintenance people by working as a team to provide solutions to those product needs and any services needed by those agencies.

If our proposal is accepted, we will continue to promote this contract as the primary instrument under which Home Depot does business with any potential Participating Public Agencies. In conjunction, our sales force is continually updated regarding the mechanics of a US Communities based partnership with agencies and directed to identify with its terms at all opportunities.

Consistent with our previous six years of implementation of the US Communities MRO contract 05091, Home Depot emphasizes our everyday low price guarantee: the price charged any public agency will be the lowest available in that market at that time for the identical item or we will match the price and refund 10% of the difference in accordance with standard Home Depot return policies. In addition, our offer provides for enhanced rebate incentives back to the Participating Public Agency based upon purchase volume.

Executive Summary (continued)

Home Depot offers a robust selection of products in all MRO, hardware, and building product categories - and associated services - at each of our locations. Some of the categories are notable strengths of ours, and almost define our business (e.g., building materials and paint).

It is important to note that not all categories of merchandise are equally well represented in each of our store locations. This difference reflects practical issues regarding material handling and the distribution of certain classes of

products. If a category is better represented in one location than another, it is driven by historical needs of the local population.

In summary, our proposal offering is based upon the following business elements that have proven successful in support public agency procurement needs:

- Immediate same-day access to over 30,000 products at each store location
- Enhanced access to hundreds of thousands more products through special orders
- Bulk ordering incentives through our Volume Pricing Program
- Rebate incentives to Participating Public Agencies based upon spend volume
- Dedicated Government Sales team and Outside Sales Representatives across the nation

About the Home Depot

Home Depot and its family of subsidiaries are among the most well-known and widely-respected corporations in America. We have been a public company since 1981, and our common stock trades on the New York Stock Exchange under the ticker symbol "HD". The company is included in the Dow Jones Industrial Average of thirty stocks, and in the Standard & Poor's index of 500 industrial stocks.

Home Depot is the world's largest home improvement specialty retailer with stores in all 50 states, the District of Columbia, Puerto Rico, U.S. Virgin Islands, 10 Canadian provinces, Mexico and China.

We are one of the nation's largest advertisers, and we utilize a broad range of mass media and targeted media. We also incorporate major sponsorships into our marketing plan, such as NASCAR®, the U.S. Olympic® team, The Home Depot Center, ESPN Game Day®, CBS® College Football and a number of home and garden television shows.

Home Depot Information: *Home Depot's offer is based upon the traditional walk-in/walk-out transactional activity for Retail MRO products with orders processed through our individual stores; consistent with existing US Communities MRO agreement and our other government agreements. This provides the customers immediate access to a complete and comprehensive offering of appliances, building materials, hardware, HVAC, irrigation equipment and supplies, janitorial, landscaping equipment and supplies, motors, pumps, paints and coatings, plumbing, pool chemicals and supplies, hand-held general purpose tools, power tools, window coverings, and any other miscellaneous MRO supplies.*

Each store stocks typically 30,000 to 40,000 products, including both national brand name and proprietary items. If an item is out of stock our sales associates can provide information to the government buyer regarding estimated fill time. Typically, our stores are serviced by the distribution centers multiple times during any week; so out of stock issues are minimized.

In addition, as the largest building supplies retailer/distributor in the country, Home Depot maintains billions in inventory with the majority on the shelves of our retail stores ready for immediate purchase.

Home Depot and its subsidiaries hold for resale more than \$10 billion in inventory. Approximately ninety percent is on the shelves of our retail stores ready for immediate purchase; the rest are "in the pipeline", housed in the distribution centers ready to replenish the merchandise sold at our stores.

Home Depot operates primarily as a cash and carry retailer, and therefore relies on our hundreds of thousands of sales associates who staff our many retail stores to meet customers face-to-face and address their needs. We also have an Outside Sales team of approximately 200 associates, consisting of Government Sales Managers and Pro Account Representatives, who are the primary interfaces for Participating Public Agencies regarding US Communities contract inquiries.

We buy our store merchandise from suppliers located throughout the world. We are not dependent on any single supplier. Most of our merchandise is purchased directly from manufacturers, which eliminates "middleman" costs. Competitive sources of supply are readily available for substantially all of the products we sell in Home Depot stores.

We are committed to being the supplier of choice to a variety of professional customers, including government customers, building maintenance professionals, carpenters, plumbers, painters, electricians, remodelers, and designers. We continue to expand our "Pro" initiative, which adds programs to our stores that are designed to

increase sales to professional customers and government customers. Stores participating in the program have added associates at a sales desk dedicated to providing more personalized service to professional customers, including managing accounts and taking and filling orders for pick-up or delivery. Additionally, during the hours when professionals typically shop, these stores have assigned sales associates in certain departments to better assist these customers. We have also increased the available quantities of products typically purchased by professionals in bulk, and we offer certain items in each department packaged in bulk to provide additional savings. This initiative continues to be introduced to the stores that have a significant volume of professional customers.

Home Depot offers a variety of installation services and renovations services. Our Installation Services and Renovations Services programs use only qualified independent contractors nationwide. The Installation Services programs include the installation of products that are sold in our stores, such as carpeting, flooring, cabinets, water heaters and countertops, as well as other products such as generators and furnace and central air systems. The Renovations Services Program is a nationwide repair service offering a full line of renovation products and services designed to return property to a livable condition and increase marketability. These Services capabilities are further addressed in the information associated with Section 2.4 herein.

As part of our efforts to satisfy a broad range of the needs of our professional customers, we offer a tool rental center in many stores. Home Depot rents approximately 300+ commercial-quality tools and equipment, including saws, floor sanders, generators, gas powered lawn equipment and plumbing tools. Customers can rent the tools on an hourly, daily, weekly or monthly basis. Our associates who work in the tool rental center receive special training in the use and maintenance of tools.
