1. **AMENDMENTS:** All provisions of the original participating addendum resulting from EnPointe Technologies Master Agreement No. ADSP011 00000358-1 and the State of Nevada Contract No. 8004, attached hereto as Exhibit A, remain in full force and effect with the exception of the following:

Pursuant to the Special Terms and Conditions, Paragraph 3.6 Contract Extension of the Master Agreement, this contract shall be extended from June 3, 2014 to June 2, 2015.

2. This provision is added to clarify that SaaS (Software as a Service) as described and defined below is allowable under this Contract:

*SaaS is described/defined as software that is owned, delivered and managed remotely by one or more providers. The provider delivers software based on one set of common code and data definitions that is consumed in a one-to-many model by all contracted customers at any time on a pay-for-use basis or as a subscription based on use metrics.*

*For the purposes of this WSCA-NASPO Software Reseller VAR Master Agreement, SaaS software will be allowed where it meets the description cited above and is considered an alternate software delivery method and is a standard item on the publisher's government price list. SaaS software that requires alterations or customization unique to an end user agency is not allowed on this Master Agreement.*
