

**Amazon Business combines the selection, convenience, and value customers have come to know and love from Amazon, built for the State of Nevada.**

### **Increase visibility**

Get transparency you need, while providing the familiar experience your buyers want. Set guidelines aligned to public policy and use advanced analytics to increase visibility into non-contract spending.

### **Comparison shopping**

Comparison shop in government-related categories such as maintenance & repair, office supplies, and more. Find low prices and purchase under designated spend thresholds set by an administrator.

### **Seller certifications**

Meet supplier diversity goals by sourcing products from certified sellers and local businesses by searching certifications like [Section 889](#). Track and report diversity spend across your organization.

## **Common purchase categories**

Office supplies

IT peripherals

Janitorial and sanitation supplies

Maintenance, Repair, and Operations supplies
